Shotgun Blast Kills City Youth

Weapon in Hand Of Hunting Friend Fired Accidentally

An Edmonton youth was instantly killed in a hunting accident near Alcomdale yesterday.

Dead is Gerald Armstrong Price, 18, son of Mr. and Mrs. Elmer E. Price of 11809-71 street.

He was instantly killed when a shotgun carried by a friend who accompanied him on a hunting trip accidentally discharged. The friend has not been identified by police.

Gerald Price

An inquest into the death will be held Wednesday at Barrhead, RCMP who is investigated the death said today.

The youth and his friend were shooting near Alcomdale yesterday morning.

IN HEAVY BRUSH

Walking through heavy underbrush preceded his friend who was carrying a loaded shotgun on which the safety catch was released.

It is believed a twig caught the trigger of the shotgun, discharging a blast into Price's back. He died instantly.

16,000 Aluminum Workers Join Steel, Coal Strikers

PITTSBURGH, Oct. 17.—(AP)—The strike idle in the United States neared the 1,000,000-mark today as 16,000 CIO members struck nine plants of Aluminum Company of America. Its other 16 plants are manned by workers in other unions.

The CIO aluminum workers joined 480,000 striking steelworkers and 380,000 striking soft-coal miners.

More than 55,000 workers in allied industries have been laid off.

Some steelworkers' members, in the fabricating steel industry—which makes everything from hairpins to refrigerators—struck during the week-end. Other fabricators' contracts expire from now until mid-December.

NO SIGN OF PEACE

There's still no sign of peace in U.S. labor's biggest conflict since the end of the second world war.

The government is gravely concerned. The walkouts threaten to knock post-war economy into a cocked hat.

Commerce Secretary Charles Sawyer said yesterday the steel strike will make idle 5,000,000 persons if it runs to Dec. 1.

Pensions are the big issue in the aluminum company strike, just as they are in the steel strike.

Murray Kaiser, industry pay the entire cost of a pension and insurance program—exactly as the President Truman's fact-finding board recommended. Big steel has offered to pay the 10-cent "package" recommended by the board—but not unless the steelworkers contribute, too.

Mercury Slides To 18 Above

Edmontonians pulled the covers up a little higher last night as light covered the area and temperatures dropped to 18 above, the lowest this fall.

Snow started falling about 9:30 p.m. and continued until 1:30 a.m. today. Weather offices measured the snow at one-fifth of an inch and precipitation at .02 inches.

Sudden drop in temperature resulted from a cold air mass that moved down from the northwest and now covers the prairies. Temperature readings are generally 20 degrees below average for the season.

Cold weather is expected to last for two or three days. Forecasters see a warmer weather front in the making but it is not expected to arrive here until Wednesday or Thursday.

Heaviest snowfall reported was from Rocky Mountain House, where there is a two-inch blanket. Heavier fall is general in the foothills area. Calgary got one-tenth of an inch.

Saskatchewan was generally untouched by the snowfall except for the Swift Current area where a one-inch fall was recorded.

Forecast for today is cloudy and cold; wind northeast at 15. High today 33.

Safecracking Nets $4,500

Yeggs over the week-end escaped with about $4,500 when they entered and cracked open a safe in the offices of J. A. Bedard Co. in St. Paul.

Theft was reported to RCMP Sunday morning when the watchman found the office ransacked and the safe forced open.

About $1,500 in cash and between $3,000 and $4,000 in cheques were netted by the thieves.

No further information was released by RCMP.

St. Paul is about 150 miles northeast of Edmonton.

SUPERMAN WALL ST. TOOL, RUSS CLAIM

MOSCOW, Oct. 17.—(AP)—Superman is under fire in Moscow—propaganda fire.

The Literary Gazette declared Saturday that the American comic-strip hero, who can whip either bullets or locomotives with his bare hands, is nothing but a tool of Wall Street.

Along with other comic-strip heroes, said the Gazette, Superman is designed to make Fascists out of children, depriving them so they can be more easily handled by the Wall Street financiers.

Petty Squabbles End 11-Day Premiership

By Joseph W. Grigg

PARIS, Oct. 17.—(BUP)—Premier Jules Moch, strong man nemesis of the Communists, despaired tonight of bringing France's squabbling political leaders together in a coalition cabinet and resigned.

Disgusted over the inter-party disputes and strife within the ranks of his own Socialist party, Moch tendered his resignation to President Vincent Auriol, who accepted it.

Moch's resignation left the government crisis right where it was when Henri Queuille resigned with his cabinet nearly two weeks ago under the pressure of labor clamor against the government policy of frozen wages in the face of devaluation.

This was the day that Moch was to present to the president the cabinet he was authorized to form by a one-vote majority in the national assembly last week.

But at the last minute dissension broke out in the Socialist ranks and Moch stormed out of a policy meeting after announcing in disgust that his own party defection was the last straw.

He was convinced the bickering made it impossible for him to set up a cabinet which would command a majority in the assembly.

President Auriol accepted the resignation and prepared to confer with other party leaders in search of a successor to Moch.

Winter Stops Paving Jobs

Freezing temperatures have brought an almost complete stop to the city's 1949 paving program, acting city engineer J. D. A. MacDonald said today.

Concrete paving on the projected 36 blocks of city streets was stopped last week as a safety measure, with only about one-third completed.

Work on 30 blocks of controversial Hardy-type asphalt paving is virtually complete, but work is suspended during temperatures below 40 degrees.

Paving of the centre strip of 82 avenue from 99 street to the CPR tracks will be finished this fall, said Mr. Macdonald.

Two Pedestrians Killed In Winnipeg

BABY BORN OVER ATLANTIC

Plane Makes Full Speed But Stork Claims Race

SHANNON, Ireland, Oct. 17.—(CP)—The stork raced an American Overseas Airlines pilot over the Atlantic Ocean today—and the stork won.

A baby boy was born to Mrs. Darinka Parker of New York City while the Constellation plane droned at full throttle 400 miles from Shannon airport in the Republic of Ireland. Both the mother and child were reported well. The baby's weight was given as four pounds.

When the crowded transport made its regular stop here, the mother and child were taken by ambulance to nearby Ennis hospital.

The plane was enroute from New York to Frankfurt, Germany, by way of Ireland.

The 20-year-old mother, a war bride from Bavaria, was quoted as saying: "I hadn't expected the baby for another month and a half." Her husband, still in the United States army, is stationed at Wiesbaden, Germany. She named the baby Miodbag, an old family name.

Flight Capt. John Hennessy of New Town, Conn., radioed the first word of the situation at 5:30 a.m. He told the startled airlines office here:

"Passenger aboard appears to be in labor. Request have doctor available for arrival Shannon. We have doctor aboard to assist if necessary."

An hour and four minutes later Hennessy called in with the news that the baby was born.

When it became apparent that the stork was winning the race, Mrs. Parker was taken into the crew compartment of the plane. A fellow passenger, Dr. Fred Henschel of New York City, attended her. The doctor was assisted by Stewardess Mary Jane Hinckley, 28, of Millville, N.J., a registered nurse.

There were 36 passengers aboard the plane.

Police Net Escaped Murderer

Companion in Break Is Recaptured By Edmonton Police

A criminally insane murderer was recaptured last night about 24 hours after he and a companion broke through a barred window at the provincial government mental home in Ponoka.

Described as "very dangerous," 20-year-old Mike Zachariuk, convicted of murdering his former employer, William Pacholek, Sped. den farmer, was recaptured near his former home at Two Hills, more than 100 miles from the institution.

Police in Edmonton today recaptured 22-year-old Howard Oitman, described as harmless.

He was taken into custody without resisting after police received a report of his presence in front of an Edmonton home at 10223-106 street. Ottman formerly roomed at this address.

Zachariuk and Otman smashed through a metal grille on a window yesterday and escaped. Officials of the mental home said nobody saw Zachariuk and Oiman break out.

The pair were missed minutes after the escape and officials of the home alerted police in Edmonton, Calgary and Vancouver. An official said Zachariuk and Otman used a chair in the room to smash the grille on the window.

When police were alerted, the men were thought to be heading for Vancouver.

STATEMENT ADMITTED

Zachariuk was convicted after a statement he gave RCMP was ruled admissable in court. He said in the statement that he had killed Pacholek because he was convinced Pacholek was trying to poison him.

Zachariuk shot Pocholek while the latter was plowing on his farm, dragged body to the farm house and loaded it into his automobile. He drove it about 20 miles and concealed it in some bushes where police discovered it two weeks later.

Several witnesses testified at trial that Zachariuk cashed grain cheques belonging to Pacholek and sold several carloads of produce and equipment from the Pocholek farm.

Worker Stops Big Fire Loss

Presence of mind of a young assistant mechanic today prevented what might have been a serious fire loss at Smith Cycle, 10226-97 street.

Interior of the repair department became a roaring mass of flames when vapor from a half-filled tub of gasoline flashed back from flames in the gas heater.

Mechanic Doug Brown, 10228-97 street, faced acrid and choking fumes as he plied a liquid chemical fire extinguisher on ceiling and walls where flames were licking.

Jack Beattie, proprietor, turned in the alarm, while young Brown doused the hot walls.

The tub of gasoline was snuffed by a sodium powdered chemical applied under direction of District Chief J. H. McMahon and crews with three rigs from No. 2 firehall.

Brown's clothes were credited with containing the fire sufficiently long to enable the department to handle it with ease.

Mr. Beattie said equipment and motorcycles stored in the building at the time had an approximate value of $10,000. Several of the motorcycles were property of the city police department.

Damage, which was slight, was confined to one torn-down engine.

Aerial Tourists Are Stranded By Snowstorm

CALGARY, Oct. 17. — (CP) — About 150 aerial visitors from Montana found themselves snowbound here today at the start of an air tour of Western Canada. They arrived yesterday in 55 light aircraft.

While a continuing snowfall has "washed out" flying for today they hoped to continue to Medicine Hat, Alta., Swift Current, Sask., and Regina tomorrow, and then fly back to Scobey, Mont., Wednesday.

The flight is staged by the Montana Pilots' Association to promote good-will and safe flying.

JAMES McFADZEN
... Dies at 101.

City Pioneer, J. McFadzen Dies Aged 101

Edmonton's grand old man is dead. Death came pesecefully at his home during the week-end to James McFadzen of 9208-85 street at the age of 101 years. He is believed to have been the city's oldest resident.

Mr. McFadzen celebrated his 101st birthday Aug. 2 last. Hale and hearty, his proudest boast was never having seen "the inside of a hospital."

His birthdays in recent years were occasions for celebration with old friends who called on him from many parts of Edmonton district.

Hard work and keen interest in life were his "secrets" for living a century.

Born in Argentuil, P.Q., McFadzen participated in the Fenian raids trouble of 1867 as a government soldier. He homesteaded near Cooking Lake for several years after coming west. His wife died in 1901.

Funeral will be held tomorrow afternoon from Knox United church starting at 3:30. Burial will be made in Mount Pleasant cemetery.

IOL Wildcat Gets Light Oil

CALGARY, Oct. 17.—(CP)—Light crude oil, similar to that found in the Leduc oil field, has been struck at Imperial Oil Limited's wildcat, Imperial Normandville No. 1, 30 miles south of Peace River, company officials have announced here. The well is 210 miles northwest of Edmonton.

It was placed on a restricted flow "potential" test Friday and in 7½ hours gave 189 barrels of crude from a 25-foot section of the Devonian limestone—the same formation from which most Leduc wells draw production.

Three other Imperial wildcats in the area had failed to strike oil.

Friday's test indicated the well's potential as more than 600 barrels a day.

The well was drilled to 7,424 feet, but drillers went back to 6,730 feet where casing was perforated for acidization and a production test.

Further tests are being made.

Month-Long Siege Ends in Surrender

By Joseph L. Jones
United Press Staff Correspondent

HONG KONG, Oct. 17.—(UP)—The Nationalists abandoned their big port and naval base of Amoy to the Communists today, but clamped a sea blockade on surrendered Canton.

Meantime, some 2,300 Communist troops took up positions along the northern border of Hong Kong after chasing Nationalist remnants from the terrain between this British crown colony and Canton. Early resumption of trade between Hong Kong and Canton was seen.

The fall of Amoy after a month-long Communist siege was announced by a Nationalist military spokesman on Formosa, the Nationalists' central news agency reported.

The spokesman said the Nationalist garrison had been forced to leave the strategic island base opposite Formosa because of the sustained Communist assault. The garrison moved to Chinmun Island, seven miles east of Amoy, he said.

CONTROL MOST POSTS

Conquest of Amoy gives the Communists control of almost all the principal Chinese ports and another jumping-off point for a possible amphibious attack on Formosa, Generalissimo Chiang Kai-Shek's headquarters.

Amoy formerly was the chief port through which Nationalist reinforcements were funneled from training grounds on Formosa to the Chinese mainland. The Communist siege neutralized it more than a month ago, however.

Similarly neutralized is Swatow, 110 miles southwest of Amoy and last big Nationalist-held Chinese port.

A traveler from Swatow reported that the Nationalists also have begun leaving Swatow for Formosa. He said the Communists apparently were awaiting completion of the withdrawal before entering the port.

BLOCKADE ESTUARY

The Nationalists, in an apparent gesture of defiance, blockaded the Pearl river estuary below Canton in an attempt to prevent the city from trafficing by sea with Hong Kong.

They threw a line of six gunboats across the 20-mile-wide estuary a few hours after Communist troops reached the Hong Kong land border southeast of Canton.

Axe-Murder Trial Opens In City Court

Michael Joseph Hayes, charged with the axe-slaying last July of William W. McKay, appeared for trial in Supreme Court today.

At request of defence, the trial was adjourned until 2 p.m.

Defence council Patrick Dunne stated he had summoned four last-minute witnesses from Winnipeg. One of the witnesses has not yet been served with a subpoena. He said the witnesses had been called at the last minute request of the accused.

Two of the witnesses are doctors. One is a nursing sister.

KNOWN BY ALIAS

Hayes, who is also known under the alias Thomas Lee, arrived in Edmonton from Winnipeg about a month before the murder.

The murdered man was brutally slain on the night of July 2 in Hayes' shack at 9930-137 street. Post mortem examination revealed he had been buried alive.

He was first beaten into unconsciousness with a steel pipe. The killer, assuming him to be dead, then buried him in a shallow grave near the back door of the boxer-cabin.

STRUCK BY AXE

Later, he was slain with a double-bitted axe when movement was apparently noticed under the thin mantle of earth.

McKay, a 59-year-old warehouse worker, lived at 9696 Jasper avenue.

Hayes is an army veteran.

KEY WITNESS

An old-time friend of Hayes, Albert 'Buster' Robbins, is held on a vagrancy charge and is expected to be a key witness.

New Home, Nurse Aid City's Gifts to Quads

SAULT STE. MARIE, Ont., Oct. 17.—(CP)—Townspeople from the city have gotten together today. They're planning to build a house for the Hargreaves quadruplets.

Operations will swing into high gear with the opening of a house fund which civic officials predict will be widely supported by the 32,000 citizens from this northern Ontario steel centre.

First move was Mayor W. H. C. Brien's announcement last week that the city would give the best available location in the city for a new house to the Hargreaves family.

"At the present time, the Hargreaves are living in a small house and their immediate need is a bigger house," said Mayor Brien. "Naturally, this happy event has come as a big surprise not only to the father and mother, but to everyone in the city and outside."

It was learned that two nurses will be engaged to help Mrs. Hargreaves with her household work and with her babies when she leaves hospital.

Tonight, a special meeting of the Trades and Labor council will discuss the question of building and furnishing a home for the family that doubled in size from four to eight last Thursday. Mrs. Hargreaves had two children by a former marriage.

Dr. John McDonald, who attended the quads' birth, said last night the four little girls are "in tip-top shape" and the 26-year-old mother is in good spirits.

QUADRUPLET girls born to Mr. and Mrs. Ozzie Hargreaves in Sault Ste. Marie, Ont., exercise their lungs in Sault Ste. Marie hospital. The Hargreaves had been expecting a boy,—just one—but said they were happy at surprise.

Combine Alleged In Canadian Oil

Price Raise Probe Asked In Message To Garson

REGINA, Oct. 17.—(CP)—The Saskatchewan government is asking Justice Minister Garson to direct an investigation under the authority of the Combines Investigation Act into recent increases in the price of crude oil, gasoline and fuel oil in Canada, Attorney-General J. W. Corman announced today.

Mr. Corman said the Saskatchewan government feels the devaluation of the Canadian dollar is being used as an "excuse for unwarranted price increases," and that the increase is evidence of "concerted action and a combine" so far as it concerns the major oil companies.

LETTER TO GARSON

In a letter to Mr. Garson, Mr. Corman said he has drawn attention to a news despatch of Sept. 24 on a price boost ranging from 1 to 1.3 cents a gallon on gasoline and half cent a gallon on light fuel oils "due to devaluation of the Canadian dollar."

Mr. Corman said in a statement yesterday that although Imperial Oil Limited made this announcement, the news item added that other major companies are expected to follow suit.

The increases followed increases in Alberta crude oil prices which, the company's announcement said, were also made "to permit Alberta fields to come back into balance with world prices following devaluation of the Canadian dollar."

"EXCUSE" CLAIMED

Mr. Corman said it is the opinion of the Saskatchewan government that devaluation is being used "as an excuse for unwarranted increase in the price of crude oil, with a resultant increase in the retail price of gasoline and fuel oil."

Mr. Corman said his government submits that the arbitrary increase in prices apparently uniform with all the big companies, is evidence of concerted action and a combine and therefore is a proper matter for inquiry under the Combines Investigation Act.

DUCK GRANTED RIGHT-OF-WAY

ROCHESTER, N.Y., Oct. 17. —(AP)—A white duck waddled on to a busy highway.

The duck got across without a ruffled feather.

Two Injured In Accidents

Two Edmonton persons were injured over the weekend in separate district traffic accidents.

In Royal Alexandra hospital is Glen Catt, 11943-102 street, who was injured Saturday night when the car he was driving overturned north of Gunn.

He is suffering lacerations to the hands, face and a severe scalp wound.

Dorothy Bergen, 9651-102 avenue, suffered minor injuries when the car in which she was a passenger was in collision with another, Sunday night.

She was riding in a car driven by Robert Relkie, U.S. Air Base. The car was struck from behind by a car driven by Al Gallaway, 10260-98 street. Accident occurred on 105 street. No hospital treatment was required.

Tito Believed New Target For Red Forces in Greece

LONDON, Oct. 17.—(UP)—Russian Cominform army may have abandoned its battle in Greece to launch a similar guerrilla campaign against Marshal Tito's regime in Yugoslavia, diplomatic observers said today.

Reports current in London and Washington said that small bands of some 50 guerrillas each, armed with machine guns, already are infiltrating Yugoslavia across the Hungarian border.

A broadcast by the free Greek (Cominform) radio quoted in the London Press said Communist guerrilla forces operating in Greece have abandoned their fight "to avoid total destruction of Greece."

CHANGE OF AIM

Significantly, however, the broadcast said the guerrilla army would continue its battle against "Anglo-American imperialists and their agents, the monarcho-fascists."

All recent Cominform propaganda blasts against Tito have alleged that he sold Yugoslavia to the "Anglo - American imperialists," joining the western camp against the Kremlin.

These developments appeared to give substance to recent rumors in western capitals that Russia planned to foment a civil war within Yugoslavia before the end of this year.

DIVERSIONARY MOVE

Observers said the Hungarian border activity in the north of Yugoslavia may be designed to pull Yugoslav strength and attention away from the south, where the Cominform army is operating.

In the Greek fighting these guerrilla forces were openly based in Albania and Bulgaria, on opposite sides of Yugoslav Macedonia.

Should the Greek guerrilla forces turn against Tito they could attack from two sides in the south while other Cominform forces from Hungary formed a third front.

Recent reports from London said large forces of Russian troops, numbering 50,000 men and 500 tanks, were concentrated around the northern Yugoslav border in an arc extending through Hungary and Romania.

YUGOSLAV CHARGES

Yugoslavia meanwhile charged that the Communist withdrawal from Greece was engineered by Russia in a deal with the western powers to prevent Yugoslavia from obtaining a seat on the United Nations Security Council.

The Yugoslav agency Tanjug, quoting the Yugoslav Communist party paper Borba, said the alleged Russian deal was "Soviet approval of unconditional surrender of the liberation movement in Greece."

Yugoslavia recently has been attempting to gain western support for a seat on the security cour il to replace a Soviet satellite when election of new members are held at this session at Lake Success, N.Y.

Independent Libya May Be UN Order

By Norman Altstedter

LAKE SUCCESS, N.Y., Oct. 17.—(CP)—A solution finally is in sight for disposition of Italy's pre-war colonies in North Africa.

United Nations experts on colonial topics openly predicts the UN general assembly this session will call for independence of Libya—the largest of the three separate colonies which made up Mussolini's African Empire. The four big powers agreed to accept the assembly's recommendations when they turned the problem over to UN in 1948. Fate of the other colonies—Italian Somaliland and Eritrea—is uncertain.

SIX DIFFERENT PLANS

Six countries have put forward separate proposals for shaping the future of the 3,000,590 inhabitants of the largely-desert but strategically-important colonies.

The Soviet plan calls for immediate independence of Libya with withdrawal of all foreign forces and military personnel within three months. The Russians would give part of Eritrea to Ethiopia—victim of Mussolini's aggression—and put the remainder of the country under the UN trusteeship system along with Italian Somaliland.

"The withdrawal of forces" phase of their proposal is aimed directly at British wheat forces along with those of the Commonwealth liberated the area in the second world war and now administer the three colonies.

Britain's general policy statement indicated a view similar to that expressed in the U.S. formal proposal.

The U.S. plan calls for independence for Libya—which has important Mediterranean seaports—after three years with Britain and France to continue administration during the period leading to independence. Eritrea, which has a coastline 670 miles along the Red Sea, would be divided under the American plan, between Ethiopia and the Anglo-Egyptian Sudan.

The United States would have Italian Somaliland—on the Indian Ocean coast—brought into the United Nations trusteeship system with Italy as the administrating power.

Butter Stocks Show Increase

Alberta cows produced 2,316,000 pounds of creamery butter during September, a provincial dairy branch report states.

Production of creamery butter for the month was 91,000 pounds or 2.8 per cent more than that produced during September, 1948.

Cheese production also increased, with 276,000 pounds manufactured last month, a gain of 47,000 pounds over the production during September last year.

For Oct. 1, a total of 3,600,000 pounds of butter was in stock w Edmonton and 1,478,000 pounds in Calgary.

Army Medical Units On Evacuation Plan

All Canadian Army Reserve Force medical units of Alberta will take part in a combined evacuation exercise in the Penhold area next Saturday and Sunday, Western Command headquarters announced today.

The scheme, known as "Exercise Ex-Lax", has been planned to teach and demonstrate evacuation of casualties from an advance dressing station to a field dressing station and casualty clearing station.

The CCS will set up an "air cushion" to evacuate casualties by air from Penhold airstrip. Two Dakota aircraft from 435 Transport Squadron, RCAF, Edmonton, will cooperate in the air evacuation.

One of the planes will be based at Calgary.

AT EXERCISE

Army units participating are 8 Field Ambulance, RCAMC, Calgary; 16 Casualty Clearing Station, RCAMC, Edmonton, and 17 Field Dressing Station, RCAMC, Ponoka.

Commanding officers of the medical units are Lt.-Col. J. A. M. Cameron 8 Fd. Amb., Calgary; Lt.-Col. M. Wenger, 36 CCS, Edmonton, and Maj. J. N. Byers, 17 FDS, Ponoka.

Among the official observers will be Lt.-Col. T. M. Brown, command medical officer and Lt. R. M. McLuckie, RCAMC, both of Western Army Command, Edmonton.

CGE Workers Take 'Holiday' Of Lewis Type

PETERBOROUGH, Ont., Oct. 17. —(CP)—More than 2,000 production workers at Canadian General Electric plant decided last night to remain away from their jobs today.

Local 524 of the United Electrical Workers (CIO) announced following a meeting last night that the workers had decided to "take a one-day holiday."

The group staged a sit-down strike Friday afternoon over a dispute on piecework rates for 30 girls in the motor-winding department. The plant normally is closed Saturday and Sunday.

Iron Ore Finds Boom Jamestown

JAMESTOWN, Ont., Oct. 17.—(CP)—The discovery of two large deposits of iron ore at nearby Siderite hills has turned this northern Ontario community into the north country's newest boom town. From Jamestown, iron ore is sent eight miles by rail to Michipicoten harbor on Lake Superior for loading on lake freighters. Michipicoten is some 275 miles northwest of Sault Ste. Marie.

Benny In Hospital

HOLLYWOOD, Oct. 17.—(UP) — Radio comedian Jack Benny was hospitalized Sunday for removal of an obstruction from his nasal passages.

Benny entered the hospital Saturday night. He expects to be out by Wednesday.

Hill Boys' Shooting Arns A-Feudin' Agin

DAISY, Tenn., Oct. 17.—(AP)— The famed Daisy Mountain feud broke out Saturday night in a flurry of bullets and ax blows which left one man dead and another injured.

Police found the body of a man they identified as William L. (Boots) Parker, 34, sprawled on a muddy slope of the mountain. His body was bullet-riddled and his head smashed by ax blows.

Raymond Bell, 27, recently acquitted of a murder charge in another feud killing, also was found at the scene with two ax wounds in the head.

Deputy Sheriff Scott Swafford said Bell and his brother, Ed, 23, have been charged with murder in Parker's death.

Since the feud began two years ago, at least three persons have died violently. Origin of the feud was a rivalry that grew up over the making of corn whis-

10 Lose Lives In East Car, Gun Mishaps

By The Canadian Press

The hunting season brought with it two shooting fatalities, a Canadian Press survey of violent weekend deaths in eastern Canada showed last night. The rest of the 10 accidental deaths were the result of traffic mishaps.

William Hay, 28, a veteran of the Hong Kong campaign and a Japanese prisoner of war for four years, died when a shotgun discharged into his stomach. The Campbellford, Ont., resident had just returned from a duck-hunting trip.

SECOND SHOOTING

Jerry Michelutti, 25, of Kirkland Lake, was killed when a shotgun in the hands of his brother accidentally discharged on a hunting trip near Englehart.

Ann Roblin, 21, of Ottawa, an arthritic cripple, died after the station wagon which her father bought to take her driving, went out of control on a curve and rolled over. Her father, mother and aunt were injured.

A nine-year-old girl died at Cobourg, Ont., when she was thrown out of the rumble seat of an automobile. The girl, Nancy Davis, was riding in the car when it struck another automobile.

RAN BEFORE CAR

Colleen Adamson, eight, was killed in the Toronto suburb of Scarboro when she ran into the path of a car.

Rene Wilfred Charette, 24, of Windsor, Ont., drowned in two feet of water after his automobile rolled over near Kingsville, Ont.

Herbert Trudel, 36, of North Bay, died 18 hours after the taxi he was driving collided with a truck, 18 miles southeast of North Bay.

In Quebec, Mrs. Cora Sabourin, 24, of Rippon, Ont., was killed in an automobile accident which injured her husband and five other persons.

HEAD-ON SMASH

Gilles Masson, 21, of Montreal's suburban Rosemont, was killed when his automobile crashed headon into another car. Seven others were injured.

Only one fatality was reported in the Maritimes. Ronald Lapoint, four, was killed and two women injured when an automobile struck their horse-drawn wagon near Dalhousie, N.B.

Life Of Child, 3, Taken As Baby Brother Is Born

CAMDEN, N.J., Oct. 17.—(UP)— Rocco Gamble, 21, could hardly wait to spread the good news.

"It's a boy," he gleefully told relatives after returning from the hospital where his wife gave birth to the child. But his relatives sent him back to the hospital, where his three-year-old daughter had been taken. A milk truck had hit her while he awaited the birth. The girl died an hour after Gamble returned to the hospital.

Two Live To Tell Of Auto Plunge Down 100 Feet

MEDICINE HAT, Oct. 17.—(CP) —Don Hickman, 21, of Medicine Hat was in critical condition in hospital here today, suffering from injuries received yesterday when his automobile in which he and a companion were riding plunged over a 100-foot embankment.

Hickman suffered a lacerated lung, shock and bruises. Eugene Desharnais, his companion, escaped uninjured.

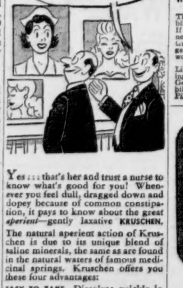
The accident was believed to have occurred when the car missed a sharp turn at the top of steep grade on Neco coal mine road seven miles southwest of here.

Peace To Continue Says St. Laurent

VAL DAVID, Que., Oct. 17.— (CP)—Prime Minister Louis St. Laurent told a meeting of the French-Canadian Weekly Newspaper Association here yesterday he was convinced that there would not be another war for some time.

Newspaperman Dies

PRINCETON, Mass., Oct. 17 — (AP) — Mason Henry Arnold, a newspaperman in New England for 50 years and a former nationally known balloon pilot, died today. He was 75.



Yes ... that's her and trust a nurse to know what's good for you! When ever you feel dull, dragged down and dopey because of common constipation, it pays to know about the great *aperient*—gently laxative **KRUSCHEN.**

The natural aperient action of Kruschen is due to its unique blend of saline minerals, the same as are found in the natural waters of famous medicinal springs. Kruschen offers you these four advantages:

EASY TO TAKE—Dissolves quickly in water, or your morning coffee, tea or fruit juice. Most folks find the small morning dose is best.

WORKS FAST—Usually within the hour. Does not spoil your day.

GENTLE ACTION—Its formula is balanced to act gently, without discomfort.

TIME-TESTED—Over 300,000,000 packages sold throughout the world.

Let Kruschen help you as it has so many others. Try a regular morning dose of this great *aperient* and know yourself what it means to have "that grand Kruschen Feeling". 25c and 75c at all drug stores.

WAKE UP YOUR LIVER BILE—
Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out about 2 pints of bile juice into your digestive tract every day. If this bile is not flowing freely, your food may not digest. It may just decay in the digestive tract. Then gas bloats up your stomach. You get constipated. You feel sour, sunk and the world looks punk.

It takes those mild, gentle Carter's Little Liver Pills to get these 2 pints of bile flowing freely to make you feel "up and up." Ask for Carter's Little Liver Pills. Use only as directed. 25c at any druggists.

A Good Night's REST Is So Important

Do you sink peacefully on your pillow and float away on clouds of restful sleep?

Or do you lie down with *staring eyes* . . . to have the worries of the day come back and taunt you? Many men and women whose nerves are frayed by anxiety—or a run-down condition—find this to be true. And that's the time when Dr. Chase's Nerve Food can do so much to help you. For this reliable tonic contains Vitamin B1, iron and other needed minerals which help build up your vitality and tone up your whole system—so you're in better condition to get your normal *needed rest.*

Canadians by the thousands have *proved* in over half a century of use, that you *rest better, eat better, feel better* after taking Dr. Chase's Nerve Food. So don't let your nerves rob you of *proper rest!* Get Dr. Chase's Nerve Food in the large "economy size". The name to look for "Dr. Chase" is your assurance. 14

3 Alta. Hospitals To Get $200,000

Lamont Gets Largest Grant For New Wing, Alterations

Three Alberta hospitals will receive grants totalling $100,000 from the federal government and an equal amount from provincial authorities for hospital construction.

Largest grant will go to Lamont Public Hospital, where a new wing is being added and alterations are being made in the existing hospital to provide space for 65 more beds.

The ground floor of the new wing will contain office space for the local health unit and for local doctors.

Lamont hospital, serving 8,000 people in Lamont and surrounding district, will receive a $44,000 grant from the federal government and an equal amount from the provincial government.

Construction, under way since April, 1947, will be finished shortly.

Grande Prairie hospital receives a $30,000 grant from the federal health department and a similar amount from the province.

39 MORE BEDS

The money is being used to provide space for 39 more beds in the municipal hospital by way of a second storey.

Wainwright municipal hospital will receive $17,000 from the federal government and $17,800 from the province to extend hospital construction and add space for 35 more beds.

All grants were recommended by the Alberta department of health and authorized by Hon. Paul Martin, federal government minister of national health and welfare.

John E. Lundy Dies at Coast

Long active in civic and community affairs in Edmonton prior to his retirement four years ago, John E. Lundy, died in Victoria last Thursday.

Funeral service was held today at Howard and McBride chapel at 2:00 p.m. with Rev. Edgar Bailey officiating.

Mr. Lundy was in Edmonton only two weeks ago on his way back to the coast after a motor trip to the east. He was in good health at that time.

Rental agent and building superintendent at the McLeod Block for many years, Mr. Lundy also had a long and distinguished career of public service in Edmonton.

He was member of Edmonton hospital board and served on the Edmonton Exhibition Association board for several years.

He was one of the first to advocate a public library here and served as chairman of the library board for many years.

He also served on city council for some time.

PRESIDENT of Engineering Institute of Canada, John E. Armstrong, Montreal, will address Edmonton branch of Institute here Oct. 27, and speak at University engineering students meeting following day. Mr. Armstrong is chief engineer of Canadian Pacific Railway and past president of American Railway Engineering Association.

Knox Group Building Hall

Members of Knox United church congregation who served in the two great wars are honored by an inscription on the cornerstone of a new $60,000 church hall being built by the church.

Cornerstone was unveiled Sunday afternoon when Mrs. George A. MacDonald, widow of a former Knox United church pastor, officiated. Benediction services were conducted by Rev. Gerald Rogers, pastor of the church.

The new hall, located at 84 avenue and 104 street, will provide an auditorium seating 400 persons, a small chapel, Sunday School classroom, choir room and church offices.

United Church Group Planning Anniversary

Fourth decade in the growth of Robertson United Church will be marked Sunday in special 40th anniversary services.

Well known in western Canada and a former minister of the church, Rev. Dr. W. G. Wilson, now retired at Victoria, will deliver the special anniversary sermon.

History of the church will figure prominently in plans for the anniversary service.

Both morning and evening sermons will be taken by Dr. Wilson, theme of which has not yet been announced.

Rev. Angus J. MacQueen, B.A., B.D., resident minister, will take the devotional services.

Mr. MacQueen became resident minister in 1946 when he accepted a call to Robertson from his charge in Saint John, N.B.

ORGANIZED IN 1909

Five years ago Dr. Wilson came to Robertson to assist in conducting the 34th anniversary services. He was resident minister there from November, 1941, to November, 1942, taking charge in absence of Rev. J. Gordon Brown, who left with the wartime chaplaincy services.

The Robertson congregation was organized in the fall of 1909 under direction of Rev. Rupert G. Stewart, now of Toronto.

From the original 53 members it has grown to more than 3,000, taking in pastoral oversights as well as communicant members and adherents.

Sunday School attendance numbers more than 600.

Monday at 8 p.m. a social and banquet will be held in the church hall. Brief addresses will be given by members of the Women's Association.

GM Opening City Depot

The motoring public in general, and owners of General Motors products in particular, will be interested in the announcement today by General Motors of the opening of a new warehouse in Edmonton. It will distribute factory approved parts and accessories to General Motors dealers in the Northern Alberta and Peace River districts.

E. J. Umphrey, director of sales, General Motors Products of Canada Limited, said in making the announcement, that the opening of this warehouse in Edmonton is another important step in General Motors' aim to give prompt and efficient service to owners of General Motors vehicles through General Motors dealers located in this area.

The single-storey building, with over 20,000 square feet of floor space, is located at 10062-108 street, at the corner of 103rd Avenue in Edmonton.

The key personnel in chage of the warehouse includes Leonard L. Silmon, warehouse manager, Morley R. Swanson, superintendent of inventory; Arthur M. Houck, order superintendent, and Gerald F. Howey, stock-room foreman.

Careless Drivers Pay Shot To Tune of $6,710 in City

City drivers might just as well face it. The law is getting tough.

In a period of 36 court days, during September and the first half of October, Magistrate McCulla's traffic court has collected $6,710 in dangerous driving and speeding charges alone.

During the same period, 31 motorists had their driving licenses suspended for periods ranging from two to 12 months.

There have been 176 speeding charges which have cost offenders a total of $4,995.

Deputy Chief Constable Alex Riddell credits the imposing number of charges to an increase in the city traffic squad from nine to 16 men.

Working in four areas, the squad covers the whole city from 7 a.m. to 11 p.m.

During September dangerous drivers paid an average fine of $44.45. Average speeding penalty for same period was just over $30.

STOPOVER

Regional director of the Canadian Manufacturers' Association, P. C. Clarke of Vancouver, stopped over in Edmonton today enroute to Montreal to attend the annual meeting of the association. Mr. Clarke is Northern Electric Co.'s district manager.

NOT HERE YET

City Planner Noel Dant's arrival here has again been delayed, Mayor Harry Ainlay said today.

He expects Mr. Dant to reach Edmonton by October 20 to take over his duties as head of the city's town planning department.

The public school board room in the Civic Block, vacated more than a week ago to make room for Mr. Dant, still sits vacant and devoid of furniture, awaiting his arrival.

ON TOUR

Assistant general manager Royal Bank of Canada, K. M. Sedgewick of Montreal, is in Edmonton on routine tour of western provinces. He is accompanied by E. B. Burnam, Calgary, supervisor of Alberta branches.

IN CONFERENCE

Superintendent of furnishings CNR hotels, Blyth Beattie, Ottawa, is conferring here with Claude Finlay on Macdonald hotel requirements.

JUST A SLIP

Apparently Michael Joseph Hayes is no longer charged with murder.

The man charged with the West Jasper Place axe-slaying last July is apparently now merely involved in a divorce case.

At least that's what Chief Justice W. R. Howson said in supreme court this morning.

In granting the defence an adjournment until 2 p.m., the chief justice said:

"I am going a long way to see that justice is done . . . in granting this divorce."

A slip of the tongue, a courthouse official hastily assured the press later.

Council Will Meet Thursday

Special meeting of city council will be held 4.30 p.m. Thursday to give first reading to money bylaws totalling $7,037,500, Mayor Harry D. Ainlay said today.

Four of the bylaws cover borrowings of $3,800,000 for 1949 works program, resulting from Commissioner John Hodgson's recent trip to financial markets in Toronto and New York.

Other 10 are for 1950 capital expenditure money bylaws of $3,237,500, approved by the board of utilities commissioners.

They do not include money for a civic auditorium, a new market site and building, or a new swimming pool.

These three items were slashed from the list by the provincial commissioners.

Items to be considered by council Tuesday, and voted on Nov. 2 by ratepayers, are as follows:

$1,250,000 for paving; $1,000,000 for High Level bridge additions; $140,000 for engineer's department equipment; $50,000 for South Side equipment storage building, and $60,000 for North Side equipment building; $25,000 for paving plant expansion; $245,000 for fire station buildings and $405,000 for fire-fighting equipment; $40,000 for comfort stations, and $12,500 for shelters and toilet facilities at city playgrounds.

JASPER GROUP UP IN ARMS OVER REPORT

Jasper Chamber of Commerce is up in arms.

It seems somebody has said the highway between Edmonton and the National Park town is closed to motor traffic.

Secretary D. Webster of the Jasper Park Chamber, in a letter to the Bulletin, calls the report "erroneous," and goes on to point out—in Chamber of Commerce-ese as fine as any produced in either California or Florida—that the highway is far from closed.

On the contrary, says Mr. Webster, the highway "is in such good shape that the average tourist will make the trip easily in five to six hours' driving time."

The road will remain open throughout the winter, with temporary bridges already provided where bridge construction is underway.

P.S. — Edmonton A M A branch says Mr. Webster's absolutely right.

City Doctor Attends Session

Edmonton medical man, Dr. W. A. Wilson, is among 36 doctors attending the federal health department's division of civil aviation medicine course at Toronto.

The course is the second of a series offered private physicians who carry out medical examinations for department of transport flying licenses.

Also attending the Toronto meetings is Dr. O. L. Stanton, of Yellowknife.

Polio Cases

Another new case of polio reported to provincial health authorities today brought the Alberta total for the year to 102. Latest victim is a 37-year-old man of Barnwell district in southern Alberta.

Barbara Ann Sleeps As Public Shivers

Barbara Ann Scott slept her way into Edmonton today and immediately became the object of a tug o' war to determine whether or not she should get up to meet her public.

Tugging for all they were worth —in opposite directions— were mother Mrs. Clyde Scott and T. P. Gorman, Ottawa sports impresario who is promoting Barbara's show "Skating Sensations of 1949."

It was just after 11 o'clock when Barbara's train steamed in from the east.

Mrs. Scott stepped down from their sleeper, leading a small poodle on a leash.

Photographers got set for Barbara.

But Barbara didn't step down.

She's asleep," apologized Mother Scott. "She's very tired.

It seems Canada's darling of the ice didn't hit dreamland until the cold, grey light of dawn.

Then began the tug o' war.

YES OR NO

"Don't run away," grinned the effusive T. P. Gorman. "I'll get her up."

But Mrs. Scott leaped into the breach.

"No one will get her up," she said in a determined way, and headed for Barbara's compartment.

But Mr. Gorman, no man to fool with at the best of times, was determined, too.

And just before the train left for Vancouver, Miss Scott, world champion, Olympic champion, and Hollywood, actress-to-be, climbed out of her berth and signed a few autographs.

Mrs. Scott entertained the shivering press on the CNR platform.

She said Barbara would go to Hollywood when Skating Sensations concludes its 38-city run.

"She's going to act," said Mrs. Scott. 'Mr. Mayer says skating shows never are a success."

THREE OFFERS

Barbara's appearance in the Hollywood Bowl a few months ago apparently took the movie capital by storm.

"Three producers are after her," said Mrs. Scott. "But she won't skate in a movie. She'll act."

Mrs. Scott said that Barbara was completely surprised by Hollywood. "She didn't think she'd like it," said her mother. "But she just loved it down there. Everyone was so nice."

Barbara's show, which played to capacity crowds in Winnipeg last week, opens next in Vancouver.

Skating Sensations will play in Edmonton from November 8 to 12.

BARBARA ANN ... Sleepy.

Where You Are Always Sure of Quality

This Is 'Symphony Week'

The naming of this week as "Symphony Week" by Mayor Harry D. Ainlay is a graceful and timely act that typifies the retiring chief magistrate's unflagging interest in the cultural aspects of Edmonton's growth.

Mayor Ainlay has been a strong and influential supporter of music and the other arts during his entire public career in this city. He has contributed a great deal to their development and his name will be intimately connected in Edmonton's history with the enviable position Edmonton holds among other Canadian cities in this regard.

But the significance of "Symphony Week" extends far beyond the implications of a thoughtful gesture.

It is a priceless symbol of an effort by thousands of artistically inclined Edmonton people to develop a depth and richness in Edmonton life that cannot be attained by the mere increase in population and the swelling of payrolls.

The program arranged for "Symphony Week" is designed to stimulate a public interest in good music that, it is hoped, will result in increased support for the Edmonton Philharmonic Society.

It is a useful and intelligent conception.

And Edmonton people should remember that all the table talk and all the zeal engendered by this occasion will be fruitless unless it is translated into active and material assistance to the musical and artistic efforts that are being put forth here.

Philharmonic orchestras are traditionally difficult to finance.

In some cities, these organizations are enabled to keep going by the large donations of wealthy enthusiasts.

There is, as yet, no extensive moneyed class in Edmonton. So the Philharmonic orchestra must depend, primarily, on the goodwill and interest, not of a few people who can contribute much, but of a large number of people who can contribute moderate sums.

The Edmonton Philharmonic is essentially a people's orchestra. And all its concerts have been turned, happily, towards fulfilling the musical needs, in the best taste, selection and performance, of the masses rather than of a limited group of persons who are highly literate Musically.

The Edmonton Philharmonic exists for the purpose of teaching a love of good music to the many, rather than for the purpose of gratifying the few who already enjoy the faculty of appreciation.

It is easy to understand, then, how vital this organization is to the cultural needs of the young people and children of this community.

It is one of Edmonton's most important educational factors.

And generous support of the Philharmonic, in point of donations, memberships and attendance at the concerts, is support of the city itself in its march towards the finer aspects of metropolitan life.

But Long Live the Commonwealth

Out of the past has been handed down to us the concept of an Empire, with its headquarters in London. It has been the object of more controversy, criticism and malicious spite than almost anything else on earth.

Its downfall has been foretold constantly for the past several hundred years. Yet somehow it has weathered all the storms and unlike other empires it is not showing any signs of disintegration or decay, but rather is going through a period of re-birth.

This re-birth is due to the fact that instead of being ruled by an iron hand from some central point, as were other great empires, the British Commonwealth of Nations, gains its strength from the fact that as soon as a member nation is strong enough to stand on its own feet, it is given the opportunity to do so.

As a result, the member nations grow up in an atmosphere of tolerance and freedom, and when once they have the opportunity to break away, they prefer instead to retain the brotherhood which admission to the Commonwealth gives them.

For that reason, India and Pakistan, have both declared their intention to remain with the family, and are anxious to discover how they can help us in return for us helping them.

In this lies the strength of the Commonwealth to which we in Canada belong.

We are all independent units, dreadfully dependent on each other. We have not been kept together by force, and so very slowly and gradually we have evolved from a oligarchy to an Empire, and now we are becoming a real family of nations.

Like lots of families, we may quarrel among ourselves, but in need and danger, we shall always remain solidly united. As a result our strength will increase and so will our prosperity. Yes, the old Empire may be dead, but the new Commonwealth is very much alive.

Pedestrians Rights At Intersections

Pedestrians in Edmonton have a close affinity with the duck — they are there to be shot at.

What's more they have become so accustomed to it, that their only means of defence is an appeal to the motorists' sporting instincts not to shoot a sitting target. As soon as they take to wing they realize they are fair game, and that is why if you give way in your car to a wretched pedestrian on a legal crossing he will stand and stare at you with mute fear in his eyes.

He can't help feeling that the moment he moves you will direct your death-dealing automobile at his unprotected hide.

The rule which calls for pedestrians to use certain specified places to cross the road is an excellent one.

Jay walking is definitely a crime and should be dealt with as such.

However, if the pedestrian has to conform to crossing at certain places, the motorist should also be compelled to give way to anyone on such a crossing.

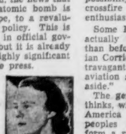
Such does not seem to be the case now, with the result that the most dangerous occupation in the world is trying to cross a street in Edmonton except where there is a main crossing controlled by lights.

As there are many legal crossings not controlled by lights, the police should be given instructions to proceed against motorists who do not give way to pedestrians actually in the process of using such a crossing.

ON THE RECORD — By Dorothy Thompson

Russia's Bomb Revalues Europe's Military Plan

As we predicted, the news that Russia has the atomic bomb is leading, in Europe, to a revaluation of military policy. This is not yet reflected in official government circles, but it is already the subject for highly significant speculation in the press.



THOMPSON

In the opinion of the influential Paris newspaper Le Monde, Europe runs a considerable risk of being left to its own devices.

The Paris paper thinks that whereas Americans hoped to defend themselves against the Red army by military aid to Europe, thus pushing their defence line as far as possible from the U.S., they now, realizing that they are more directly threatened than Europe itself, will find no justification for maintaining strategic positions there.

The writer also thinks eastern Europe has now lost its strategic value to Russia.

"Europe," concludes this writer, "finds herself more or less neutralized in spite of herself and her mentors."

Draw Fire

There is perception in this viewpoint.

American air bases in Europe cannot defend the United States but they can draw Russian atomic fire.

Russian air bases in Poland or Czechoslovakia could not defend the U.S.S.R. but could draw American atomic fire. And if Europe—east or west—wishes to survive she will be strongly attracted by the idea of a highly armed neutrality.

The Atlantic Pact is not as popular among European peoples as we believe it to be.

Europeans see dark about another war, which would probably result in a non-European victor being master of the globe. The possibility of being in an atomic crossfire will not increase their enthusiasm.

Some European commentators actually think Europe is safer than before, since, says the Italian Corriere Della Sera, "the extravagant claims of American aviation strategists must be put aside."

The general effect, this paper thinks, will be sobering for both America and Russia, for "the peoples oppressed by Russia form a ring of unrest for their masters, who are forced to hesitate before they step beyond it."

This column long ago advocated that the United States should recommend the neutralization of Europe, protecting it and Russia by multilateral guarantees to both.

It has been argued that this amounts to the same thing as the Atlantic Pact. But this is an error. The Atlantic Pact is a military alliance, directed against Soviet aggression, as the Russians have military alliances with east Europe, directed against America.

Neutralization would dissolve all alliances; remove all non-European bases; and guarantee the U.S.A. and the U.S.S.R. against each other, and Europe against aggression from either.

I do not see why, under it, Europe would be less protected than she now is.

The plain fact is that many Europeans feel that they need protection from both the U.S.A. and the U.S.S.R. And I should think it would be difficult for the Soviets to reject on any grounds that would be popular or remotely convincing.

What we need, of course, is a vastly strengthened United Nations and system of collective security. But this would be hastened by stabilizing relations in the most inflammable areas.

Military Importance

The writer in Le Monde fears that, if Europe loses her military importance, the United States will lose interest in her recovery.

If this were so, Europe might escape absorption by the Soviets through their fear of using force, but she would be led by reasons of security and by a greatly reduced standard of living to adopt many of the aspects of totalitarian society.

A highly armed America waiting for atomic bombs and cut off from the rest of the world would gravitate in the same direction.

So, far from relaxing our economic efforts in Europe, we should intensify them regardless of strategical considerations.

Privy Council

Editor, Bulletin — A bill to amend the constitution which will abolish appeals to the Privy Council is now under discussion in the house of commons. The only argument put up by its sponsors is that this is the last step to make Canada completely independent of Great Britain.

Even assuming that this is a good thing, the argument is false.

Canada is at present a completely independent nation with full democratic powers to mold its own affairs, without any interference from Westminster. Canada has a constitution (consisting mainly of the British North America Act and the Statute of Westminster) which sometimes leads to legal disputes between the provincial and federal governments. These disputes are at present brought before the privy council, a body which contains the finest legal brains and legal experience in the British Commonwealth of Nations; but it has no powers or sanctions to enforce any decision or law on the Canadian people.

When any dispute is brought before it, it's job is to examine the evidence and give judgment on whether any measure is consistent with the Canadian constitution. The privy council has no axe to grind. It is completely impartial. Its decisions merely point out the constitutionality of the measure before it.

If we wish to change the constitution (a task not to be undertaken lightly by party politicians for an afternoon's sport) we are at complete liberty to do so.

So why all the tumult for the abolition of appeals to this august body? What do these politicians hope to gain? The statement that the privy council is completely incorruptible and impartial is beyond question. Could the same be said of the impartiality of a Canadian Supreme Court which is apparently to take its place?

Or is it that a powerful minority, wishing to be in a position to juggle the constitution for sectional interests, think that this is the first milestone to be passed before proceeding to bigger and better amendments?

Poppy Fund

Editor, Bulletin.—The citizens of Edmonton are now being asked to subscribe to the Canadian Legion Poppy Fund, which in the minds of most of the public is placed in the same category as the average charity.

Let us go back to the years between 1914 and 1918 when Canada was engaged in the First World War. Such names as Ypres, Passchendale, Vimy Ridge, Saint Julien and the Somme, are brought to mind. In World War II the names of Ortona, Falaise and Dieppe, should recall to mind the thousands of young Canadians who helped turn defeat to victory on the land, on the sea, and in the air. These names should mean something to everyone, therefore putting the Poppy Fund appeal into a class other than just another charity drive.

The Canadian Legion asks all citizens to wear a poppy for remembrance on November 11th. This is only done once a year. The wearing of the poppy is a sign that we are remembering nearly 200,000 Canadians who lost their lives in the two world wars, and that we are assisting the living.

Moss Bag

Editor, Bulletin. — This is to thank all those who so kindly replied to my letter, both in your columns and to me personally.

I didn't receive the Indian word I wanted; but I have to admit that my impression that I knew such a word may have been erroneous, as I think it was in the case of many I questioned.

Doubtless there is an Indian word for "moss bag" in every Indian language.

The interest shown in this little problem quite surprised me.

Overrated Performer

Editor, Bulletin.—I am one who is wholly in accord with the criticism of R.W.S. from the passe Madame Sack to his latest of the overrated Rubinoff. One thing he does not take into consideration is the mentality of the audiences that the artists have to please, who demand the mountebank type of entertainment, shown unreservedly by the broad grins and hearty applause as they watched the simian antics of the Hampton troupe of "musical performers."

As for not getting famous performers to come because of adverse comments, I would dare to predict that so long as the dollars roll in, they will also roll along, even to the "Cow Barn."

Smiles

Mosby had wondered through all the weary! tortuous months how it would feel to be free again and once more safely in the bosom of his family. Now he knew! He had been helping about the house, in a pathetic attempt to show his wife he was a changed and reformed man, but it was no go. The blowup came in the kitchen when the missus went to the stove and found it was cold.

"'Arry!" she shrieked. "'Ere you are, just 'ome after doin' two years for arson, and now you can't make the kitchen fire draw!"

"How many seed compartments are there in an apple? asked the school inspector. No one knew. "And yet," he continued, "all of you eat many apples in the course of a year. You must learn to notice the little things of Nature."

That talk impressed the children, and next day the teacher overheard this conversation. A little girl, getting her companions round her said: "Now, children, just s'pose I'm Mr. Inspector. You've got to know more about common things. If you don't you'll all grow up to be fools. Now, tell me," she said, looking sternly at a playmate, "how many feathers has a hen?"

From Today's News

By DE WITT MACKENZIE

Prime Minister Attlee's decision not to be stampeded into a British general election because of the economic crisis is being labelled by objective observers as daring—and perhaps smart.

It is particularly daring in that the fate of Socialism itself in Britain is at stake.

The present government still has more than eight months to run if it is to fulfil its normal life of five years. That would mean a general election next July, and Attlee apparently is determined to stand his ground until close to the finish. Political experts predict that the election is likely to come in May or June.

In making his decision the Prime Minister was faced with weighty considerations. The effect of the recent devaluation of the pound sterling still remains to be seen. It is the government's theory that ultimately it will ease the crisis, but indications are that the transformation may involve a rise in the cost of living and a lowering of wages.

Thus far, however, there hasn't been any great change, although there is considerable uneasiness and the powerful Conservative party is crying out in warning of disasters. Harder times—if they come—might hit the country several months hence. All these things being so, wouldn't it be better to hold an election now, rather than gamble on the future?

Attlee decided in the negative, despite heavy pressure from some of his cabinet and from other party leaders. In this connection we have had the interesting spectacle of the prime minister making a decision which is a spanking for one of his leading ministers and a highly important figure in the party—Aneurin Bevan, minister of health, who is a left-wing Socialist.

Bevan has been battling for a quick election. He is one of the brilliant men of the Socialist party. He is powerful. But Attlee's general appearance of mildness covers a tough courage. Thus the conservative side of socialism remains in the saddle.

Of course some unforeseen development might make Attlee change his mind about the time of election. But as things stand it is likely to come about the witching months of May or June when the skies are smiling and England's weather is at its best so that the whole country can swarm to the polls to pass judgment on Socialism.

Helpless Cripples Deserve Our Help

Canadian Social Security measures, provided by both federal and provincial governments, include many types of assistance. There are mother's allowance, old age pensions, pension for the blind, workmen's compensation, unemployment insurance and children's allowances. Under various health schemes we have public health services, cancer and Tb. assistance, hospital grants and many other forms of assistance.

These services cost us well over $2,000,000 per day and thousands of Canadians obtain benefits. Yet there is one glaring exception. There is no provision in all this maze of social security and public assistance for those people who are helpless cripples and unable to support themselves.

In every community there are children who, for one reason or another, will never be able to maintain themselves. Some may be paralyzed. Some may have lost more than one limb. Some may be paraplegics. In the extreme cases they are practically helpless. They cannot earn money to support themselves and they cannot look after themselves without aid. In the face of all the things that are done, these seem to be the forgotten group.

The authorities will quickly point out that in cases of destitution, these people will be provided for as public charges of the community. They may even be taken into certain institutions.

Now Treated As Derelicts

But why must these people be treated as derelicks? So far as that goes, why should they be placed in any different category from the old age pensioner or a blind pensioner.

Veterans who are crippled receive pensions. Workers who are crippled receive pensions. Yet these other cripples receive nothing but district charity.

And if we grant pensions to the blind because we believe that blind persons should not have to depend upon charity but should have some income with which to support themselves, how can we draw the line between them and those who may have eyes but lack arms and legs.

We provide the best of care to persons who are mentally infirm. Then why not do the same for those who are mentally sound but physically helpless.

It is not as though this would provide an opening for improper claims. Any medical man knows when these cases are helpless or not. There would be little difficulty there.

Cripple in Worst Plight

A person who is completely crippled is actually worse off than either a blind person or an elderly person and on that score has even a greater need for a pension. None of these pensions is adequate, but, of all the groups, the complete cripples require the larger amount of assistance because they can do so little for themselves.

This year's reports indicate about 10,000 blind pensioners. It is unlikely that there would be more than double that number of cripples, if you except those who are receiving pensions for other reasons. Thus the cost of providing pensions would be less than $5,000,000, an amount comparable to two days' health benefits for the dominion.

There are many cases where they are not completely crippled. But the same rule could be applied as is used in the case of the Old Age Pensions and the Blind Pensions, namely, that earnings above a certain amount would be deducted from the pension. That is a matter of detail. The important fact is that there is a large group of forgotten people in this country, and we as a nation should be ashamed that we permit them to exist through all their difficulties with nothing better than a niggardly dose of charity in extreme cases.

Jack Scott

Scots Not Tight —Merely Thrifty

I be of Irish descent, myself, but the visit in Vancouver of the great Scottish comedian, Harry Gordon, "The Laird of Inversnecky," seemed a good chance to find out what there is to the story about the Scotch being tight.

"Are the Scotch really tight, Mr. Gordon?" I said. "Is it true that a Scotchman once married a half-witted girl because she was 50 per cent off?"

Mr. Gordon looks like a brown egg wearing kilts. He shook his head sternly and began patrolling the carpet of his hotel room. You could almost hear the pipes.

"Ach, it's a mere fallacy. The Scotch are never tight, never mean. It's merely that they're thrifty, ye ken? They're careful you might say. It was Harry Lauder himself — bless him, there on his sick bed—who said, "A mon's best frien' is his bank balance."

"Is Sir Harry really as . . . as careful with his money as they say?"

"Ach, the stories they tell o' Harry. Why, richt in this hotel I hear them talking about Harry's last visit. When the porter took his bags up tae his room Harry would gie the boy a picture o' himsel' and promise, 'Noo, laddie, when you carry them doon I'll autograph it free o' charge.

"Sort of like the Scotsman who ordered asparagus and left the waiter the tips?"

Gordon cocked an expressive eyebrow. "Next thing I know ye'll be askin' me if its true that a moth flies oot o' me purse whenever I open it."

"Is it true?" I know a cue when I hear one.

"It is not. I opened my purse in the lobby not more than a half hour ago. The poor wee moth was dead from want of fresh air."

Old Friends

I suggested to Harry Gordon that the great avalanche of Scotch jokes must have some basis of fact.

"Ach, it makes me so mad," Gordon said. "Mind ye, we don't mind the stories if they're told by a loyal Scot. It's just outsiders tellin' them that rankles—especially if they happen to come from Yorkshire. Yorkshiremen are so tight they wouldna spend Christmas."

"It's just that there are so many stories," I said. "Like the one about the stuttering Scot who lost his impediment by telephoning long distance."

"Aye, and o' course, the one about the tattooed Scotsman."

"The tattooed Scotsman?"

"Aye, when the bairns wanted to go tae the cinema he'd take his clothes off and run up an' doon in front o' them so they'd see the moving pictures."

"Probably the same Scotsman who never smoked cigarettes with his gloves on because he hated the smell of burning leather."

"Which reminds me o' the fire we had in my hame toon of Aberdeen," Gordon said. "It broke out in a tobacconist's shop and before you could say 'Jock Tamson' there were three thousand Aberdonians richt aroon' it, inhaling the smoke."

Long Trip

I asked the famous comic about his trip to Canada and he shook his head and said, "The journey from Inversnecky to London was the worst part."

"How so?" I asked.

"Well, you see, I jist had to get frae Inversnecky tae London and no matter how you gang it's a gey dear journey It costs six pound by train, three pound by steamer and if ye walk, do ye ken, there's a ha'penny toll bridge at Newcastle."

"That was a problem."

"So I did a fair bit o' free thinking and remembered I had a brither in London. Despite the expense, I wrote him a letter. Even at that getting the letter awa' was a fecht because in Inversnecky they only put the new pens in the post office on the furrst of the month."

"That makes it difficult."

"Aye, if you're no there at eight in the mornin' that verra day you have to wait anither four weeks for anither chance. And then there was the stationery."

"It was expensive?"

"I had to read my weary way through 489 books in the public library afore I found one wi' a blank flyleaf in it. Anyway, I finally got my letter off tae ma brither. He kenn't it was frae me 'afore he steamed it open because there was nae stamp on it."

"What was the plan?"

"Well, Ah never did ken what he told the police, but I was arrested in Inversnecky the verra next Tuesday. Wednesday nicht I was in London. Thursday morning I was up in front o' the magistrate."

"And what happened?"

"My brither was in court there, too. The judge said to him, 'Is that the mon?' pointing at me. My Brither said, 'No, sir,' and so, of course, they had tae release me and give me ma fare back to Inversnecky. And that's how I got tae the big city."

Russ Able Quickly To Field Big Army

Have 175 Combat Divisions, Can Triple Them, Bradley Says

WASHINGTON, Oct. 17.—(AP)—General Omar N. Bradley Saturday pictured a big Russian army as able to double and almost triple its combat divisions within months, Senators said, as he urged passage of the arms-for-Europe

Bradley, chairman of the joint chiefs of staff, was reported by Senate appropriations committeemen to have told them that:

Russia now has 17 combat divisions in readiness;

She could put 300 divisions into combat within 60 days;

The Soviet could step up its military power to 502 divisions in a matter of months.

FINAL COST TREMENDOUS

Brodely testified behind closed doors to the committee on the $1,314,010,000 foreign arms appropriation bill which the house of representatives passed Friday by a voice vote. One billion dollars of the money is for the opening of re-arming European members of the Atlantic Pact as a bulwark against possible Communist aggression.

The balance will be used to furnish arms and equipment elsewhere, including Turkey, Greece, Iran, Korea and the Philippines. The China area may be included at the president's discretion.

Senator Kenneth Wherry (Rep-Neb.), critic of the program, reported that U.S. military authorities estimate it would take at least 50 divisions to check a Soviet onslaught. Wherry said it would cost $20,000,000,000 to put 50 combat divisions into the field for the North Atlantic pact countries within the next four years, with the United States paying the bill.

Maggie Ready For Sea Again

HALIFAX, Oct. 17.—(CP)—The aircraft carrier Magnificent will leave here Nov. 4 on a six-day shake-down cruise off the Nova Scotia coast, it was disclosed yesterday by Commodore K. A. Adams, commander of Magnificent and senior Canadian naval officer afloat.

The flat-top arrived back at her base yesterday from Saint John, N.B., where she spent 3½ months in drydock while repairs were made to her hull, damaged when the vessel grounded on an "uncharted rock" off Port Mouton, N.S., June 4.

Commodore Adams has been in command of Canada's capital ship since Sept. 7. He replaced Commodore G. R. (Gus) Miles of Rothesay, N.B., dismissed from command of the carrier by a court martial that followed the grounding.

An estimated $250,000 in repair work was done on the ship's hull and an additional $100,000 was put into other repairs.

LOST BARONET ONCE RESIDENT OF CALGARY

CALGARY, Oct. 17.—(CP)—Proof that the British baronet, Cyril Patrick McConnell McGregor, sought by Debrett's Peerage, once lived in Calgary was given today by Mrs. R. V. Birney, 3725 17th St. E.

Debrett's, Britain's official register of nobility, is looking for Sir Cyril, the fifth baronet of Saville Row. He was thought to have come to Alberta after the First World War.

Mrs. Birney recalled that Sir Cyril attended her wedding in June, 1919, in Calgary. He had come as "a friend of a friend" and he was not known personally to Mrs. Birney or her husband.

She remembered that he was introduced as Sir Cyril McGregor but the baronet told her to "drop the sir" because he didn't use it.

It was not known what became of Sir Cyril, although he was later heard of in Ocean Falls, B.C.

Last Red Cross Parcel Prompts Praise of Canada

By William Boss

LONDON, Oct. 17.—(CP)—Its last parcel delivered and its work done, the Canadian Red Cross has closed down its London headquarters.

Ten years' work in the United Kingdom and on the continent has been accomplished through millions of dollars' worth of contributions by Canadians from coast to coast.

Primarily organized for welfare work among Canadian troops overseas, the Canadian society broadened its task to include British servicemen here and in foreign theatres and civilians in Britain struck by the adversities of both war and peace.

After the 1947 flood which ravaged much of England, it contributed $1,500,000 to the Lord Mayor's national distress fund, as well as lending help and giving clothing.

HOSPITAL MEMORIAL

The Canadian Red Cross hospital at Taplow, on the grounds of Cliveden, the Astor estate, remains as its memorial in England.

Built by the society as an army hospital during the war, on ground loaned by the Astors, the $1,000,000, 600-bed hospital was turned over to the British government in 1946, fully equipped for research into rheumatic cardiac complaints among children.

Between the arrival of the first 41-case consignment from Canada in 1941, and the finale, the organization distributed 13,648,387 articles of clothing and hospital equipment.

More than 16,000,000 parcels were sent to Canadian and British prisoners of war and 50 trucks were presented to the International Red Cross for its delivery runs to the concentration camps.

Besides the original band of voluntary workers who reached Great Britain from Canada early in the war, 641 members of the Canadian Red Cross Corps served overseas, first under Maj.-Gen. C. B. Price and later under Col. R. W. Frost, both of Montreal.

The Times, noting the withdrawal of the society from Britain, observed editorially:

"All this work had its source in thousands of local committees and small workrooms scattered throughout Canada, and on this side of the Atlantic thousands of men and women remember gratefully benefits received through this great spontaneous welling up of Canadian generosity."

It said, "no better instance of practical friendship could be found."

Trend Is To Right In Europe Voting

Non-Communist Countries Swing Further From Reds

By William L. Ryan
Associated Press Staff Writer

The more Moscow intensifies her cold war against the west, the more she puts the chill on political standing of her comrades in non-Communist Europe.

The Communists have been doing progressively worse in free elections. A trend is continuing to the right.

There is some worry now among the moderate parties that the swing will be too far, bringing the extreme right—neo-Fascists and neo-Nazis—back into a measure of power.

As the cold war intensified, Communist power in the west began to slip. There were striking examples throughout 1948 and early 1949.

Here is a recapitulation:

AUSTRIA

The Communists were roundly trounced last week, but there was a good example here of the upsurge in extreme-right sentiment. A party called the "League of Independents," tolerant of Nazis and accused of being Nazi itself, won 16 seats in the lower house of parliament. The Communists gained one seat with no gain in popular vote. Austria is partly occupied by Russian troops and surrounded by Soviet-dominated "People's Democracies."

NORWAY

With her neighbor Russia breathing down her neck, Norway handed a severe drubbing to the Communists last week. They lost 10 of their 11 seats in the parliament to the dominant labor party, which supports the Marshall Plan and the Atlantic Pact.

FRANCE

Late in 1948 and early this year the sharp swing to the right was demonstrated in French elections for the upper house and for county councillors. Gen. Charles De Gaulle's right wing Rassemblement du Peuple Francais won easily in both. His rising star drove the moderate and centre parties of France together in self defence into a coalition which excluded both De Gaullists and Communists.

WESTERN GERMANY

The Christian Democrats, moderately rightists, won top place in August when the West German Republic elected a parliament. The Communists emerged with less than six per cent of the total popular vote.

ITALY

In the 1948 parliamentary elections, Italy gave the Communists a body blow. The Christian Democrats [illegible]oved, up to the top, taking 53.3 per cent of the seats in the Chamber of Deputies. The Communists were kept out of Italy's cabinet thereafter.

THE NETHERLANDS

The Netherlands held municipal elections throughout the country last June. The Communists lost almost one-half their seats.

BELGIUM

Parliamentary elections last June strengthened the Social Christian (Catholic) Party, the biggest. The Communists lost 11 of their 23 seats in the lower house.

FINLAND

In July, 1948, the Communist-led Popular Democrat combine lost 11 of its 40 seats in parliament.

20-HOUR WEEK SEEN COMING

SUDBURY, Ont., Oct. 17.—(CP)—The coming generation of young people will work a 20-hour week, says Rev. Daniel Lord. In a talk yesterday on how to enjoy "fun in the family," Father Lord said: "Your grandfathers worked an 80-hour week. Ontario now has a 48-hour week, and Philip Murray (president of the CIO) wants his union to work only 35 hours a week, because machines will do the rest."

Jamaica was discovered by Columbus in 1494 and remained in the possession of Spain until it was taken by the English in 1655.

Tories Lay Foundation For Next General Vote

STITTSVILLE, Ont., Oct. 17.—(CP)—George Drew, Progressive Conservative leader, disclosed Saturday that his party now is vigorously engaged in rebuilding strength of the organization.

The campaign is aimed at steamrollering the present opposition into power at the next federal election, said Mr. Drew in an address before the annual Carleton County Progressive Conservative Association meeting.

Showing only slight traces of his recent 10-day bout with a throat and lung infection, Mr. Drew said Progressive Conservatives stand "for policies which are challenged throughout the world today. It is our duty to keep these policies alive and to make this country continue to be successful."

The national leader said the party needs "organization and political education to bring out the vote at the next elections in the provincial and federal fields.

"We need organization among our membership to spread the principles of our party so that when the next election comes, they will be able to bring out the vote and understand the issues and policies for which we stand."

He said it was important for young people to shoulder their share of the responsibility of doing something about their own future.

"Anybody who does not take part in the interests of his or her community, or country, has no cause for complaint as to the result. I urge you not to wait for an election to come but to increase your membership and lay the foundation for a greater success in the years that lie ahead."

Howard Green, Progressive Conservative member for Vancouver-Quadra, said "Never was there a time when the Conservative party had such a big job to do for the nation.

Alberta Freight Proposal Is Opposed at AFL Meet

LETHBRIDGE, Oct. 17.—(CP)—A resolution opposing transfer of the Crow's Nest Pass freight rates agreement from federal government jurisdiction to that of the Board of Transport Commissioners was passed here Saturday at the closing session of the four-day Alberta Federation of Labor convention.

The agreement governs railway shipping rates of western grain consigned for eastern points.

MINIMUM WAGE

The convention endorsed by a close margin a resolution urging a provincial minimum wage of 75 cents an hour. Opposition was led by Clarence McDougall of Calgary who said he believed the level was "too high."

Most of the day's debate centred around the freight rates resolution. Delegates protested a recent notice made by the railway council, representing Canadian railroads, that it would request the Royal Commission on Transportation to place all freight rates under control of the Board of Transport Commissioners.

Union members described the railway council action as a "vicious attack" aimed directly at eliminating federal government control of western grain shipment rates.

1898 AGREEMENT

The Crow's Nest Pass agreement was established in 1898 when the CPR accepted a federal government grant of $3,500,000 to build a railroad through the pass on condition that the railroad would provide reduced freight rates on grain shipments.

Present rates are fixed by Canadian statute and can be changed only by the federal government. A freight rates saving of four cents per bushel on wheat and similar savings on other grains are made possible by the agreement.

Western farmers also have opposed transfer of the agreement to transport board authority on the grounds that it would result in large increases in grain shipment freight rates.

FIRE DEPARTMENTS

Delegates agreed that Alberta municipalities and their fire department personnel must accept majority awards of arbitration boards dealing with municipality-fire department wage disputes.

The convention urged that municipalities be penalized by the provincial government with-holding financial grants if they refuse to accept majority awards.

52 Nominees In Man. Vote

WINNIPEG, Man., Oct. 17.—(BUP)—Fifty-two candidates were already nominated to contest the 57 seats in the Manitoba legislature in the provincial election Nov. 16, a survey showed.

Official nomination day was Oct. 27.

The Liberal party had so far nominated 26 candidates, all supporters of the provincial Coalition government. The government was headed by Premier Douglas L. Campbell, leader of the provincial Liberals.

Five Conservatives had been nominated, four of them supporters of the coalition and one an opponent.

The CCF party, which had promised to contest every seat, had nominated 19 candidates. There was also one Labor Progressive (Communist) candidate and one Independent nominee.

Russ Seek to Ally Germany to East

Hitler's 'Drive To the East' Has Entirely New Twist By Stalin

By Joseph Fleming
United Press Staff Correspondent

BERLIN, Oct. 17.—(UP)—A reliable German source said today that Russia had promised to conclude a separate peace treaty with the new East German State within three months and that the Germans already were working on a draft of the treaty.

Restoration of diplomatic relations between Russia and East Germany, announced yesterday, opened the way for conclusion of the treaty, the source said. Political observers said it foreshadowed also the following:

1. Swift recognition of the new Soviet satellite by other east European nations.

2. Acceptance of the Soviet zone's Communist party in the Cominform.

3. Conclusion of a Russo-German treaty of friendship similar to those signed by the Soviet Union with other satellites.

Responsible sources said Generalissimo Josef Stalin had set the stage for these events with his recent message to leaders of the new state calling for friendship and co-operation between the two nations.

LEAD GERMANS EAST

Rudolf Appelt, 48, a Communist and former deputy chief of the Soviet zone German economic commission's foreign and interzonal trade branch, was ordered to head the German diplomatic mission to Moscow. The Soviets named G. M. Pushkin, Soviet ambassador to Hungary from 1945 to June 1949.

German sources said the missions would be expanded into full-scale embassies once a peace treaty was signed.

At the same time western quarters said all signs pointed to the opening of a determined Soviet campaign to swing Germany's 65,000,000 people over to the Soviet side in the cold war struggle with the west.

The Soviets are attempting to demonstrate to Germany that its aggressive acts had been forgiven and that it could hope to become an equal partner in the eastern bloc.

Fears of France and other allied nations that Germany might once again threaten the peace have prevented similar action by the western occupation powers with western Germany.

Slayer Kills Himself Near Murder Scene

SASKATOON, Oct. 17.—(CP)—William Frederick Perlitz, 61, object since last Thursday of a manhunt in the St. Walburg district, was found dead on Saturday, apparently from a self-inflicted revolver wound.

A posse found Perlitz, suspected killer of Sam Jones, 60, and James Bailey, 75, long-time bachelor residents of the Slowica area, outside a deserted farm house about two miles from the scene of the double-axe murder. He is believed to have died the day the murders were committed, probably Tuesday.

No clue was discovered as to what started the triple slaying. It may have been a boundary dispute.

Twenty-seven RCMP officers and 50 civilians aided by three police dogs and a helicopter, searched the desolate countryside and swampland, heavilyy overgrown with young tamarac.

Nazi Paratroops Talk Old Times

WESEL, Germany, Oct. 17—(AP)—More than 300 "green devils," members of a former German paratroopers' division, held their first post-war reunion here Saturday. The British land commissioner had banned the meeting, but, the paratroopers said, the ban was lifted later.

New Union Formed By CSU Members in B.C.

VANCOUVER, B.C., Oct. 17.—(BUP)—The Canadian Seamen's Union, already thrown out of the Trades and Labor Congress and cited by the government as a tool of the Communist party, has lost 700 of its members.

James Thompson, the CSU's Pacific past district president until Saturday night, announced that the 700-man west coast branch had withdrawn from the national organization and formed a union of its own.

CONTRACTS SIGNED

He said the new group, called the "West Coast Seamen's Union (Canada)," has signed a 1949-50 contract with west coast deep sea shipowners and that the agreement applied to 18 freighters owned by Vancouver firms. It's terms continued a previous wage scale stralning at $170 monthly for a 40-hour work week.

West coast seamen were not affected by a long-drawn-out strike called by CSU President Harry Davis last spring against east coast deep sea operators. They continued sailing while their eastern contemporaries tied up ships in Canada and abroad and sparked some of the bloodiest violence ever to hit Canadian labor.

At one time in the quarrel, that prompted the Trades and Labor Congress to fire the CSU, some 160 seamen were arrested or injured at maritime ports including Saint John, N.B., and Halifax. One CSU official was charged with shooting a member of a rival union.

OTHERS ARRESTED

Others were arrested at strike headquarters at the union's national headquarters in Montreal. They were charged with hoarding baseball bats and other weapons ready for battle with members of the rightist Seafarers' International Union.

The SIU, headed by Hal C. Banks who now has a headquarters in Montreal, since has manned most of the deep sea ships that formerly carried CSU union members.

Whaling Operations To Be Bigger, Better

CHURCHILL, Man., Oct. 17.—(BUP)—Bigger and better whaling operations were predicted for next year as the whole processing plant here ground the last pound of meat and the last drop of oil out of this year's take of 206 white whales.

Special nets for use in next year's operations were received here just as the plant of Adanac Fishing Products, Ltd., completed the season.

White whales taken this year despite a lack of special equipment produced 85,000 pounds of meat for poultry and fox feed and 5,000 gallons of whale oil, officials said. The equipment's arrival indicated that next year's operations would be even more successful.

Full use of the whale carcasses was possible because the mammals had no food in their stomachs when caught. Even the bones were ground for use in sugar beet refineries.

"We use everything but their whistles," said W. J. Ward, president of the Adanac company and member of parliament for Dauphin, Man.

Margarine manufacturers used much of the oil obtained from white whales, or "beluga," as they are called.

Doctor Kenneth Doan, of the federal fisheries research board at Winnipeg, supervised the whaling this year. He also carried out marking operations of smaller whales to determine the extent of their migration.

Extra Protection Of Russ Embassy

LONDON, Oct. 17.—(AP)—Scotland Yard threw a police guard around the Soviet embassy Saturday night in response to a telephoned request for protection. From what, the Russians didn't say.

Press Association reported an anti-Soviet demonstration had been expected at the entrance of the embassy. A group from Sir Oswald Mosley's Union (Fascist) movement paraded but dispersed nearly three miles from the embassy.

Big Bombers Make Long Sea Flights

WASHINGTON, Oct. 17.—(AP)—Six-engined B-36 bombers are making excursions far out over the oceans in their routine training flights. The United States Air Force disclosed this much yesterday but declined to say how far or to what areas these crew-training and "shakedown" flights range while controversy rages in Congress about how good the big ships really are for war.

Scythia Finishes Task

LIVERPOOL, England, Oct. 17.—(Reuters)—The Cunard-White Star liner Scythia arrived Sunday night with 137 Canadian passengers after completing 18 months of service taking displaced Europeans to Canada from Germany. She will be reconverted to re-enter the Atlantic passenger service within a year.

FLYER BEACH worked overtime Saturday helping insure 3-1 scutting of Calgary Stampeders. From left, Doug Lane, Bill Pettinger and Doug Anderson display keen interest in goings-on on ice as they await turn to swing into action. Anderson, who scored goal, was outstanding player on ice.

ESKIMO FOOTBALL 'SPECIAL' OCT. 29

An Edmonton Eskimo Football Special train will travel to Calgary for the Eskimo-Stampeder game on October 29 in typical college style.

The stunt is a brain child of several University of Alberta students and is backed by the Touchdown Club.

Train leaves CPR station here at 1:00 p.m. Saturday and departs from Calgary at 1:00 a.m. on Sunday. Price, including fare and football tickets, will be $9.95.

Tickets for the special go on sale tomorrow at Varsity Tuck Shop on the campus and at Henry Singer's in downtown Edmonton.

Grid Cakes

CALGARY, Oct. 17—The jig is about up for Edmonton Eskimos so far as the Western Conference playoffs are concerned.

And even if it were not, it seems hardly likely that coach Annis Stukus and his crew could corral the Stampeders if they happened to qualify for a final berth with the Calgarians.

Les Lear has cussed, coddled, and coached his cowboys until they are now capable of playing 60 minutes of good football against any club in the nation.

* * *

That Chuck Fenenboch-to-Jim Macrae forward pass was something to see.

Macrae grabbed the ball on the gallop and straight-armed a pair of safety men before knifing across that last white line for Edmonton's lone touchdown.

* * *

The game could well be Macrae's last for the season. He suffered a possible broken collar bone, according to club medico.

Pete King, who has displayed the finest kind of courage this season by continuing to play even while plagued with a severely strained back, came up with an ankle injury.

King collided with Stampeder centre Doug Turner and the crash resulted in injuries for both men.

* * *

That severe physical beating which Eskimos absorbed in Regina last Monday told the tale Saturday.

Against the marvellously-conditioned Calgarians our gang faded in the first half like morning glories under a summer sun. Eskimos recuperated noticeably in the second half, Stukus and Fenenboch making Calgary's pass defence look very bad by completing several forwards.

The yardsticks tell how we outclassed them in the air . . . and how they were much the better squad along the ground.

(BEDDOES).

VICIOUS TACKLING prevented Paul Rowe (5) from smashing through Edmonton line on this play Saturday. Dmitri Goloubef (45) attempts to decapitate Rowe and Ken Moore (55) loses a fall to Stamps' Bert Iannone (47). That's Frank Hickey about to tumble into pile-up, while Calgary's Harry Hood and Woody Strode dance to right.

Flyers Open 'New' Gardens With 3-1 Revenge Triumph

By Stan Moher
(Sports Editor)

Flyers were nine goals a better hockey team Saturday night in the Gardens than they had been 24 hours earlier in Calgary's ramshackle Victoria Arena.

At least this is one conclusion that might be drawn, following their 3-1 victory over Calgary Stampeders as the lid came off the Western Canada league season locally.

In a Friday contest at Calgary the Stamps had slugged Flyers 10-3, thus giving rise to reports that the Cowboys, not rated very highly in pre-season polls, might turn out to be the sleeper entry of the WCHL.

But while it's probably too early to pass judgment Stamps, off their Saturday showing, don't shape up as a club likely to run one-two down to the wire.

Rookie Gunnar Carlson, who prepped with Calgary's junior Buffaloes last year, staked the visitors to a 1-0 edge with a first period goal.

Then and there the Stampeder attack bogged down.

Frederick Closes Door On Stamps

Over the rest of the route Flyers' goalie Ray Frederick wasn't for giving anything away. Actually the Cowboys didn't bother him to any great extent. But he easily handled the drives that came his way and the red light overhead was blacked out completely once Carlson had ruffled the strings with a rising, screened shot.

In the meantime Flyers, off counters by Alec Pringle and Doug Anderson, rattled into a 2-1 lead before the second frame was history. Final goal of the night came in the last period, winger Fred Smitten taking advantage of a breakaway to catch the lower corner of Russ Dertell's cage to make it 3-1.

Close to 7,000 fans, many of them perched high in the new 'heaven' at the south end of the Gardens, were in the pews by way of proving that the highly controversial option system (holders of an option swear by it) continues as Flyers' No. 1 secret weapon.

Game itself was pretty feeble, albeit, no worse than most early-season offerings in most puck circuits.

Neither Flyers nor Stampeders can be accused of representing a youth movement. Accordingly it will be several weeks before a goodly portion of the personnel of both squads 'find' their legs, to say nothing of their wind.

Doug Anderson, Flyer wingman, was pounds the best two-way hockey player on view. A rookie sensation two seasons back but something less than a four-alarm fire as he went about his sophomore chores a year ago, the 22-year-old speedster was skating in mid-season form Saturday night.

As well he checked back in spirited fashion and his over-all play was along good, rugged lines, without being chippy or county-fair. It was fitting, indeed, that he cracked the score-sheet for what proved to be the winning goal.

Anderson Knocks Home Payoff Goal

At 14.49 of the middle stanza Anderson took a passout from behind the net to beat the overworked Dertell and send Flyers into a 2-1 lead. Puck slithered into the corner of the Calgary hatch off Dertell.

The Calgary gang failed to have the answer to this one in the remaining 25 minutes. Smitten's marker, in the last minute of play in the third period, was largely superfluous, even if comforting to the more squeamish of Flyer supporters.

In addition to Anderson, other Flyer forwards to catch the eye were Bing Merluk and the aforementioned Smitten. Doug Lane was the best of the rearguards.

Dertell, defenceman Bud Emery, and forwards Carlson, Mitch Pechet (last with St. Paul Saints) and veteran 'Bunny' Dame were prominent for the visitors.

Preceding the game official opening of the 'Edmonton Gardens' took place. After skater Sonja Currie (very talented in the Sonja Henie, Barbara Ann Scott tradition) and Bunty Soley had entertained the crowd, sportscaster Art Ward took charge to introduce the players of both teams.

Then it was the turn of Mayor Ainlay. He congratulated the Exhibition Association, execs of the Gardens, on the improvements made in the 'old' Arena. Finally he dropped the puck between the sticks of pivots Elmer Kreller (Flyers) and Dunc Cairns and the Gardens was officially opened.

Hammond organ, unveiled for the first time Saturday, was an instant hit. 'Tubby' Mumford was at 'the controls' throughout. He showed a nice way of going.

FOR ONE YEAR

EAC Releases Junior Stars To The 'Hat

All the fuss about Elder Thomas and Bruce Dickson was quieted Saturday when these two junior hockey players were given the green light to play with Medicine Hat Tigers of the Western Canada Junior Hockey League.

At a special meeting of representatives of the Alberta Amateur Hockey Association, Edmonton Athletic Club, officials and the parents of the boys, Thomas and Dickson were released by EAC for one year.

They will play with Medicine Hat this winter and will then be subject to EAC authority again. It is understood that if EAC enters the WCJHL next season Thomas and Dickson will play with them and attend university at the same time.

Elsewhere on the junior front, the Maple Leafs' three-day hockey school opens at the Gardens today at 2:00 p.m. Sessions are scheduled for 8:00-11:00 tonight, and 2:00-5:00 and 8:00-11:00 tomorrow and Wednesday.

Ted Allard, Clarence Moher, Henry White, and Mac Colville will be in charge of the school. Missing from the Leaf juniors of last year will be Nick Mandryk, who has secured a release to play with Lethbridge.

EDHA Meeting Slated Wednesday

The junior section of the Edmonton and District Amateur Hockey Association will meet Wednesday in the Recreation Building to finally organize a northern Alberta junior hockey league. Main item of business will be a discussion on the advisability of allowing Wetaskiwin Canadians to enter a league with Edmonton's four athletic clubs.

INTER-CITY FOOTBALL FOR JUNIORS

An inter-city junior football league, with teams in Calgary and Edmonton, likely will be formed next year.

That was the important item of business discussed at a meeting of Alberta Rugby Union officials yesterday. ARU president Les Ferguson of Calgary was in the chair.

Such a league would be comprised of four teams — two from each city.

The meeting went on record as favoring plans to reorganize the ARU and the drawing up of a co-ordinated program between the various football organizations in the province.

U of S Whips U of A Easily

SASKATOON, Oct. 17—University of Saskatchewan athletes swamped Alberta students in a mammoth athletic meet here at the weekend.

Saskatchewan walloped the visitors 69-44 in track and field competition, won five out of seven tennis matches, and swept the men's and women's golf tournament.

As a result of the track and field triumph Saskatchewan retained possession of the Cairns trophy. Saskatchewan's Val Anderson was top point-getter with 11, barely edging teammate Ken Hardy and Alberta's Pat Walker, each scoring 10.

Wheat Kings In 4-2 Win

PORT ARTHUR, Oct. 17—(CP)—Brandon Wheat Kings weathered a furious third-period drive by Port Arthur West End Bruins to chalk up a 4-2 victory in an exhibition junior hockey game here Saturday night.

Holdovers from last year's western Canada champions accounted for all Brandon goals. Marksmen for the visitors were Brian Roche, Alf Francis, Bob Chrystal and Walt Pawlyshyn.

CONFIDENT

Stamps Line Up 'Grey Cup Special'

CALGARY, Oct. 17 — (CP) — Some Calgarians are pretty confident the footballing Stampeders will be heading east again this year to defend the Dominion championship.

Plans are already under way to send a Stampeder special to Toronto Novembe. 21 for the Grey cup final. A committee has been formed and it is arranging a similar type of show—Indians, chuckwagons, horses, cowboys and cowgirls—to the one which paraded through a startled Toronto last year.

Eighty persons have already made reservations for the railway trip this year, officials said, and it is expected last year's quota of 250 will be more than doubled this year.

Clippers Win Bantam Game

West End Clippers blanked West End Oilers 11-0 in a bantam football game at Westglen high school yesterday.

Ron Hope grabbed the pigskin from Mike Palmer in the first quarter and scored a touchdown. Fourth quarter saw Hope toss a forward pass to Jack Frost for another major score. Palmer kicked the convert.

Stamps Stomp Hard On Eskimo Dreams

Playoff Hopes Fade Fast As Local Drop 31-6 Game

By Dick Beddoes
Bulletin Sports Writer

CALGARY, Oct. 17—Edmonton Eskimos couldn't have been beaten any faster here Saturday night if they'd had a priority.

For Calgary Stampeders rolled to a 19-0 lead over the Esks in the first quarter and eased home during the rest of the route for a 31-6 Western Conference football victory before 8,000 chilled fans.

Defeat erased what hope Eskimos had of overtaking Regina Roughriders and thus entering the two-team playoff against the stylish Stampeders.

Edmonton has a mathematical chance to finish in a second place tie with the roughriding Reginans, but only if the fairy god-mother has a lot of powerful magic left in her wand.

After muffing a golden opportunity to score in the early moments of the first quarter, Edmonton bent—and finally broke—before a rip-snorting Calgary ground attack.

Touchdowns by hustling Harry Hood, Vern Graham, and Rod Pantages, three converts, courtesy of Graham (who else?) plus a rouge, accounted for 19 Stamp points in the first 15 minutes.

Pantages galloped across with a TD in the second quarter and gave conversion-artist Graham a rest by booting his own extra point.

TAKE 25-0 LEAD

After a scoreless third quarter each club picked up a major score in the final frame. Normie Kwong flew 50 yards like a China clipper for the Stampeder TD and Graham booted the convert.

Then Eskimos pulled off the most sensational play of the game—and perhaps of the season, for that matter—to save themselves from an ignominious whitewashing.

Chuck Fenenboch fired a pass from his own 36 yard line to Jim Macrae on the Calgary 47 and the rangy Edmonton end danced the rest of the way for five points. Andy Marefos, with the assistance of the goal post, kicked the convert.

Eskimos failed to score in the first quarter after Johnny Dugos intercepted a pass and ran it to the Calgary 36. Pat West attempted a field goal finally, but Bert Iannone burst through a porous Edmonton line to block the ball.

Thereafter all the Eskimos appeared to have was heart. They had a lot of that for sure, but Calgary had guys like Hood and Pantages and Graham who racked, tracked, and cracked their way downfield behind bruising blocking.

Hood's feat was a 13-yard run after plucking off a pass from Keith Spaith, and Graham scooped up a fumble by Esks' Brian Dunsworth for his touchdown.

Stampeders moved from Edmonton's 20 to the nine yard stripe in two running plays by Pete Thodos and Hood late in the quarter to set up Pantages.

PASSES FINALLY PAY OFF

Iannone rouged Harry Hobbs on the last play of the quarter after the Eskimo halfback dropped Walt Chahley's tremendous kick-off which followed the Pantages touchdown.

Pantages pounced on an Edmonton fumble midway through the second quarter and ran it 19 yards for his second major score of the game. When he converted Stampeders moved ahead 25-0 and appeared to be headed for a score approximating the 41-5 shellacking they gave Edmonton three weeks ago.

But the celebrated Calgarians tapered off in the second half as Edmonton quarterback Bill Stukus filled the air with footballs in a vain attempt to put Eskimos back in the running.

Little Stuke heaved 13 passes in the last half, completing six of them. But it was Fenenboch who nailed Macrae with the pigskin late in the game on a second-down pass from his own 36. Marefos' convert was good after ricocheting off a goal post.

Earlier, Kwong had dashed through the left aire of the Edmonton line for the longest hike of the night and a touchdown.

ALOUETTES TAKE TWO

Ottawa Riders All But Clinch First Place With 12-7 Victory

MONTREAL, Oct. 17.—(CP)—Ottawa's powerful Rough Riders, eastern finalists against Calgary last fall, all but clinched first position in the Interprovincial Football Union, snatching a close 12-7 decision from the Hamilton Wildcats.

Montreal's surprising Alouettes, pulled into a second-place tie with Toronto Argonauts with two week-end victories. They beat Argos 36-18 Saturday and then slapped down the Wildcats 29-16 Sunday.

Hamilton Tigers broke a first-place tie in the Senior Ontario Rugby Football Union with a 13-11 win over Sarnia Imperials. Windsor's well-drilled Rockets bounced back into playoff contention by beating last-place Toronto Balmy Beach 26-6.

In the senior intercollegiate union—winner of which does not compete in the Grey Cup ser'es—McGill won their first victory in two years by turning back Toronto Varsity 22-13. In the other game, Jack Parry set up two touchdowns in leading University of Western Ontario to a 16-11 triumph over Queen's.

Bobby Cunningham raced for three touchdowns in Montreal's victory over Hamilton Sunday. Clves McCance and Ralph Toohey accounted for the other majors. In the Saturday contest, Argonauts pitted the Canadian end run against the forward pass and found the pass better.

But the result didn't provide a true test of the merits of the gridiron weapons because Argos helped underwrite their own downfall with two big bungles. Twice within three minutes of halftime the Als intercepted forwards in Argo territory and each time Frank Filchock turned them into touchdowns by perfectly-pitched passes across the Argo goal-line.

Quakers Are '0-For-2'

Perish the thought, Bub. But do you suppose 'Wild Bill' Hunter has gone and missed the boat again?

Hunter is the leather-lunged promoter behind Saskatoon Quakers of the Western Canada Hockey league. By this time fans the circuit over are familiar with the histrionics he makes a practice of employing during the heat of battle, particularly a losing battle.

In fact Hunter's behaviour over the past three seasons in the icehouses in Edmonton, Calgary, Regina, Saskatoon and Lethbridge has precluded any possibility that vaudeville might be considered dead in this neck of the woods.

What a natural he'll be when television becomes old stuff in the west!

But quite apart from Hunter's penchant for referee-baiting and other riot-inciting goings-on, fact remains that his current Quaker machine already has developed a pronounced knock.

Regina Caps strode right into Saskatoon Saturday to bowl over the Quakers 7-4. It was the second time in as many nights the Reginans had manhandled the Hub-City crew.

Supposedly a New Deal

Granted, manhandling Quakers hasn't been looked upon as any great feat in the past. But this Saskatoon entry was supposed to be something extra special, even by Western Canada league standards.

Manager Hunter, it's said, has been dreaming (a little) of an Allan cup conquest a few months hence. On the strength of these dreams, plus the fact that such established stars as Vic Myles, Tommy Burlington, Cy Thomas, Mike Shabaga, 'Chuck' McCullough and more have been added to the roster since last spring, 'Wild Bill' hasn't had too much trouble steaming up a certain portion of the Saskatoon populace to the point where they too like Quakers' chances.

Caps, who no longer boast such valuable assets of last season as goalie Bev Bentley, the aforementioned Myles and McCullough, Gus Kyle and 'Sweeney' Schriner, were supposed to roll over and play dead . . . according to Hunter.

Calgary would be a pushover, As for Edmonton . . . well . . . Flyers might take some beating. But his revitalized Quakers seemed to have what would be required to tame the Allan cup kings of two years ago.

Road to Goal Not Rocky Enough

And truth to tell the colorful Hunter may realize on his dreams before the coming of spring. Right now, however, he's primarily concerned with seeing to it that Quakers somehow get started on a winning streak.

There's a suspicion abroad in the land that when the redhead was assembling the material since turned over to coach Nick Metz he failed to come up with sufficient defencemen who can cut it in the WCHL.

Not that it was for want of trying.

Bud Foley, former EAC junior star here 10 years ago, was just one of a number of rearguards Hunter tried to add to the Quakers in the early days of the training grind. However he was unable to reach an agreement with Foley, last season with Washington in the American loop.

He had similar experiences with a number of other veteran shock-troopers.

In a way it will be regrettable if Quakers don't have a successful season. Calgary, Edmonton and Regina, in that order, have taken turns winning the Western league marbles.

In the meantime Quakers have won nothing . . . haven't, as a matter of fact, survived the first round of the league playoffs. Certainly they're long overdue.

To say nothing of Mr. Hunter.

GOING NOWHERE in hurry is Roy Cochran who takes off with 30-inch stride in test of 15-mile-an-hour treadmill at Randolph Field, Texas.

Leafs Stop Bronks For Jr. Grid Crown

MAPLE LEAFS LAUGH LAST AT CASUAL CHOICES

Is our face red!

Of all the football games for the Bulletin's Casual Choices Inc. to call wrong at the weekend, that junior game at Clarke Stadium yesterday takes the cake.

Because Edmonton Maple Leafs whipped Calgary Bronks 13-6.

Casual Choices Inc. had tabbed Bronks as likely winners—and by a wide margin.

However, in other weekend grid games Casual Choices had a perfect score—seven out of seven. Failing to select Maple Leafs gives the concern a seven out of eight score, or 87.5 per cent.

Casual Choices' record for the season stands at 21 correct choices out of 25 selections, an 84 per cent mark.

PROVIDENCE, R.I., Oct. 17 — (AP)—Cleveland Barons last night defeated Providence Reds 6-3

Locals Take 13-6 Verdict; Vancouver Next On Program

By Hugh Watson

Edmonton's eight-year junior football drought is at an end.

Yep. Those pesky gridmen from Cowtown finally have been stopped. Not the Stampeders, mind you, but the junior Bronks, formerly rated top little team in Alberta.

That aforementioned drought comes in a provincial title package. We, up here, haven't had sight of the thing since Oct. 27, 1941. On that chilly day (weather record says snow flurries) Calgary Tornadoes finally lost a two-game, total point series 37-20.

Yesterday it was closer than a hangman's noose. A severe case of fumbleitis on both sides had the crowd panicked for a short while in the first quarter. Not until Edmonton Maple Leafs rang up 13 points did the spectators calm down.

Well, as the race track operators would say, 'we win'—13-6.

Vancouver Next On List

And next on the local junior football program comes the western Canada semi-final against the Vancouver winner. In this case it will probably be Blue Bombers, perennial champs from the Pacific Coast.

Opening date against the invaders is Saturday, Oct. 29, at Clarke Stadium. Second game of the total point 'serious' will be in the far west city Nov. 5.

But getting back to yesterday. Twice within a matter of minutes Leafs smashed through for touchdowns in the opening quarter. Added to this was a one-point rouge on a blocked kick.

Bronks weren't opportunists—and therin lies the story. A quick glance at statistics show Calgary outgunning the locals with 245 yards rushing. Leafs worked hard for 99. Visitors picked 11 first downs. Leafs had to "bull-doze" for five.

Only in passing did Leafs look good. They tried five, completed three. Bronks could connect with only one of six.

Bronks lost the game on two counts. Fumbles and weak blocking. Leafs' heavy line was tight like a drum in the dangerous moments. They seemed content to let the Calgary boys run until the shadow of the goal posts showed. Then they stopped 'em 'daid.'

Doug Howie Opens Scoring

Maple Leafs capitalized on a jittery Calgary front line. Bronks' left half Don McIntosh was rushed behind his own goal-line two minutes after opening kickoff. Larry Cooper picked up the blocked kick but was tackled by Leafs' Doug Howie for one point.

Minutes later, Leafs took over on the Calgary 15-yard stripe. Left tackle Joe Poss weaved through centre for the first touchdown. And Leafs were away on a 7-0 lead after Bill McNally's convert.

After the kickoff, Bronks fumbled on their own five yard line. Bill Hortie carried the mail to three and quarterback Bob Scott took over from there, skirting right end for a 12-0 advantage.

McNally's educated big toe once more booted the convert.

That was all until Calgary started a TD move in the fourth quarter. McIntosh made a first down to the Leafs 22. Dave Campbell followed with a 14-yard sprint through the middle. Back came McIntosh with a drive off tackle to finally break the goose-egg. Bob Wylie kicked the convert.

That was it: an overdue present for the local junior football league.

TWO WEEKS

Auto 'Spiel Entry On Small Side

Just two weeks to go and Edmonton's first car bonspiel, sponsored by the Associated Canadian Travellers, will be on its way.

Despite the fact that indications point to fewer than the 128 rinks originally planned for entering, the 'spiel will get underway Monday, Oct. 31. Artificial ice at the Granite and Edmonton rinks will be used for the first three days of the 'spiel. However the giant curling extravaganza is scheduled to wind up in the Edmonton Gardens, home of Flyers of the Western Canada circuit.

Among the latest to file an entry is Leo Johnson, Manitoba shotmaker who is a former Canadian curling king. Marno Frederickson, well known wherever the devotees of besom and stane gather, will play third for Johnson.

Add such names as 'Frenchy' D'Amour, Walter Polski and more and it's easy to see why winning one of these car bonspiels is no part of a cinch.

Proceeds of the 'spiel will go to Northern Alberta Crippled Children's Fund, a most worthy cause.

Capitals Make It Stick; Knock Off Quakers 7-4

SASKATOON, Oct. 17—(CP)—Regina Capitals breezed to a 7-4 victory over Saskatoon Quakers Saturday night before more than 5,000 fans to take over sole leadership of the Western Canada Hockey league.

Capitals, who edged Saskatoon 5-4 in overtime, outscored Quakers in every period this time.

Toby Brown, Regina, was the game's only double scorer. Fourteen penalties were handed out in the rough contest.

Mel Hill, Bill Kyle and Al Staley each scored once and assisted once. Lou Hauck and Dick Kotenan fired singletons.

THOMAS GETS ONE

For Quakers it was Tommy Burlington, Cy Thomas, Dave Livingstone and Chuck McCullough who dented the twine. McCullough was making his first appearance with Quakers after receiving his release from Caps.

Quakers suffered a setback late in the first period when Burlington, starry centre, was sidelined with a broken thumb. He will be out for at least two weeks.

Saskatoon opened scoring in the wide-open first session when Burlington counted on a pretty unassisted effort.

But Caps stormed back and scored successfully on their first three shots of the game on goalie Johnny Sofiak. Kotenan got the first on a dribbler from the blue line that slid between Sofiak's legs.

Kyle put Regina one up about half a minute later and Hauck beat Sofiak cleanly with a long shot from the left boards on a ganging attack.

CAPS LED 4-1

Hill made it 4-1 midway through the opening session on a snappy three-way play with Brown and Gordie Staseson, before Quakers came back with two rapid goals by Thomas and Livingstone. Thomas' counter came on a pass from defenceman Norm Blackett while Quakers were short handed. Mike Shabaga set up Livingstone around the goalmouth while Kyle was in the penalty box.

On the third period Regina went ahead 6-3 on Staley's marker on passes from Harvey Stein and Hauck. Quakers took advantage of a penalty to Milford for holding as McCullough weaved his way through his former mates to count Saskatoon's final goal. Brown's second goal of the night wound up all scoring, driving in Hill's rebound from 15 feet out.

LINE-UPS:

Regina—Nicholson; Brayshaw, Kotenan; Hauck; Staley, Stein. Subs: Wilkie, Milford, Hill, Kyle, Brown, Tilson, Staseson, Witiuk.

Saskatoon—Sofiak; Myles, Johnson; McCullough; Gaber, Thomas. Subs: Blackett, Barlow, Bentley, Budlington, Shabaga, Allen, Rouse, Livingstone.

Officials—Riley Mullen, Edmonton; Jerry Trudel, Calgary.

Westglen In 6-1 Win Over Eastwood

Dickie Day scored the only touchdown Saturday night as Westglen took a 6-1 victory over Eastwood in a high school football game played at Clarke Stadium.

Eastwood grabbed the lead on Jack Howarch's rouge of Jim Dryden in the third quarter.

Minutes later, Eddy Zeniuk hurled a brilliant 25-yard pass which Day grabbed on the run for the TD. Ernie Ursuliak kicked the convert.

LINEUPS

Eastwood: Hepburn, Rice, Klingspoon, Howarth, Hornesty, Benick, Lockhart, Babuik, Basaraba, Burns, Glew, Duholke; subs: Hewko, Grant, Eby, Kurrant, Brener, Lester, Alford, Hope, Pengally, Gacicher, Podalanelak, Buchyk.

Letke Given Country Club Golf Trophy

Presentation of the Hudson's Bay Trophy, emblematic of the club championship, to Johnny Letke, yesterday high-lighted the season closing of Edmonton Country Golf club.

Runner up to Letke, was Major Packard of the U.S. Army Airforce. Journal Cup, handicaps of 1-14, was won by Keith Smeltzer, while the Brewery Cup, handicaps 15 and over, was presented to Stan Cooke.

Husband and wife two ball foursome award, H. Milton Martin trophy, was given to Mr. and Mrs. Stan Cooke. Runner up was Hastings (Red) McMahon.

J. Mahon was the winner of the junior competition and trophy.

Mrs. Agnus Barton won the ladies club championship, runner up, Mrs. H. Allan.

Hilltops Drop Grid Tilt

REGINA, Oct. 17—(CP)—Regina Bombers beat Saskatoon Hilltops 12-7 here Saturday in the first game of a two-game total-points series for the Saskatchewan junior football championship.

Second game will be played in Saskatoon next Saturday.

Bombers ran up a 7-1 lead by half-time. Halfback Les Parker kicked a single to open the scoring for the Hilltops in the first quarter. In the second quarter Don Smith went over for a touchdown for Bombers which Walter Czyz converted.

Paul Masnick added another major for the winners in the third. The convert attempt failed. Grant McPherson kicked a single to wind up the scoring for the bombers.

Half Keith Peberdy came through with Hilltops' major in the last quarter, Les Parker converting.

Parker took advantage of the favoring wind to kick his single. Smith made big gains along the ground to set the stage for his major, which followed an offside penalty against the Hilltops. Smith went over through right guard and right tackle from only a couple of yards out.

Native Sons Win '49 Puck Debut

LETHBRIDGE, Oct. 17—(CP)—Lethbridge Native Sons got away on the right foot in the opening game of the Western Canada Junior Hockey League here Saturday night with a 4-2 victory over Calgary Buffaloes, last year's league champions and Western Canada finalists.

Montreal Unbeaten In Two NHL Starts

MONTREAL, Oct. 17.—Montreal Canadiens, unbeaten in two starts, have taken charge at the top of the National Hockey league standings.

Canadiens downed a stubborn New York Ranger machine 3-1 here Saturday night. This came close on the heels of a 4-0 shutout of Chicago Black Hawks in the season's opener for both clubs.

Goals by Billy Reay, Elmer Lach and Maurice Richard enabled Canadiens to snuff out Rangers who had taken a one-goal lead in the opening period on defenceman Pat Egan's counter.

Toronto Maple Leafs, Stanley cup kings for the past three seasons, kept close on the heels of the Montrealers by turning in a 4-4 tie verdict with Chicago Saturday, followed by a 5-1 pummelling of Detroit Red Wings last night.

In a fourth week-end contest, Boston and Rangers battled to a 2-2 tie in Beantown Sunday.

Riders Blast 'Peg For 47-0 Triumph

WINNIPEG, Oct. 17—(CP)—Saskatchewan Roughriders blasted Winnipeg Blue Bombers 47-0 here Saturday to practically assure themselves of a Western Interprovincial Football union playoff berth against Calgary Stampeders.

Victory consolidated Riders' hold on second spot and eliminated Winnipeg as a playoff possibility.

It was "reunion day" in Winnipeg, but the former Bombers among the 3,500 attending the club's last home game of the season had little about which to cheer.

In fact, coach Frank Larson probably could have used some of the old-timers—such as Bill Ceretti, Dr. Bert Oja, Andy Beiber or Tubber Kobrinsky.

Pacing Riders' attack was lanky Ken Charlton, with 11 points on two touchdowns and a kick to the deadline. Rangy end Johnny Bell also checked in with two major scores, while Del Wardien, Sammy Pierce, Sully Glasser and Roy Wright had a touchdown apiece. Wardien also had three converts to his credit. Buck Rogers, Wilf Godfrey and Toar Springstein each added one convert.

Riders led 12-0 at the end of the first quarter, 19-0 at the half and 31-0 at three-quarters.

Outstanding was field general Doug Belden, University of Florida import, who passed for two of the touchdowns.

LINEUPS

Saskatchewan: Quarterback, Belden; halves, Charlton, Rogers, Pierce, Wardien; centre, Brightwell; guards, McEwan, Martin; tackles, Springstein, Cassidy; ends, Anthony, Bell. Subs: Kelly, Weir, Wright, Early, Godfrey, Yakymyk, McPhail, Glasser, Geisthart, Bandiera, Giokas, Ortman, Pelling, Pyne, Mungie, McFaul.

Winnipeg: Quarterback, Gardiner; halves, Stroppa, Carpenter, Smith, Korchak; centre, McPherson; guards, Kissell, Irving; tackles, Edwards, Deleeuw; ends, Clawson, Vaccher. Subs: Hobson, Fliss, Perry, P. Cholakis, Pepres, Norvack, Ahoff, Sandberg, Millar, Foubister, Simovitch, Yakimischak, Neufeld, Frederickson, Gibb, Johnston, Lozanski, Florence, Kupskay.

Referee, Les Ferguson, Calgary; umpires, Andy Currie and Cliff Roseborough, both of Winnipeg; head linesman, Andy Seiber, Winnipeg.

SUMMARY

First quarter: Saskatchewan, touchdown (Bell), convert (Wardien).

Second quarter: Saskatchewan, single (Charlton); Saskatchewan, touchdown (Wardien), convert (Wardien).

Third quarter: Saskatchewan, touchdown (Charlton), convert (Rogers); Saskatchewan, touchdown (Glasser), convert (Godfrey).

Fourth quarter: Saskatchewan, touchdown (Bell); touchdown (Charlton); Saskatchewan, convert (Springstein), touchdown (Wright).

'Old Timers' View 'Peg Grid Game

WINNIPEG, Oct. 17 —(CP)— More than 20 former payers turned up here Saturday for the Winnipeg football club's "Reunion Day" gathering, and saw the 1949 edition of the Blue Bombers go down to a 47-0 defeat at the hands of Saskatchewan Roughriders in a Western Interprovincial Football union game.

In pre-game ceremonies, the oldtimers were introduced to the some 3,500 fans. Heading the list was the veteran Bill Ceretti, who only announced his retirement this season after playing a few games. Ceretti, homebrew lineman, first played with Winnipeg in 1931.

Others introduced included: Leo Russell, club manager in 1932; Dr. Bert Oja, starry import guard of 1935-37; Harry Badger, Tubber Korbinsky, Al Daniels, O. Earle, Duke Manners, Jack Evanoff, Cliff Roseborough, Andy Beiber, Kippy McFadyen, Ernie Williams, T. Mazur, Andy Currie, Lou Miles, E. Mills, Bill Nairn, and Arnie Coulter.

A one-minute silence also was observed in memory of the four Bombers—Jeff Nicklin, Babe Hobday, Tommy Cook and Bill Kotchapaw—who lost their lives in the Second World War.

Few Surprises Likely in Budget

Only Minor Changes Seen In Abbott Speech Thursday

By D'Arcy O'Donnell

OTTAWA, Oct. 17.—(CP)—Members of the commons expect few, if any, major surprises in the speech Finance Minister Abbott will make Thursday, Oct. 20, in reintroducing the 1949-50 budget.

The members, in views expressed in parliamentary lobbies, have indicated that any changes in the budget, first presented March 22, will be minor and of only limited interest.

They believe no change will be made, for instance, in personal income-tax rates, in corporation and excise taxes or tariffs. Income and excise tax rates were cut in the original budget and are not likely to be altered for the current year. Corporation taxes were adjusted and they probably will be left alone.

BEING RESUBMITTED

The original budget was not passed by parliament before it was dissolved April 30 to permit a general election June 27. As a result, Mr. Abbott must resubmit the original budget with whatever changes that hindsight rather than foresight dictates.

Contents of the speech Mr. Abbott is due to deliver at 6 p.m., Edmonton time Thursday will remain a secret until that time, as is customary with all budget pronouncements.

However, it is expected that he will speak less than a half hour instead of the usual two hours it takes to deliver a full budget speech.

REASONS ADVANCED

In corridor gossip several reasons have been advanced to explain the unlikelihood of any major changes. Some reasons are:

1. There has been widespread criticism of the original budget, which provided tax cuts amounting to $360,000,000 a year.

2. Tax reductions in that budget were made retroactive to Jan. 1.

3. Any change in those reductions would cause confusion in the revenue department and among employers and employes where the payroll deduction plan is in effect.

4. Work on a budget for the 1950-51 fiscal year will begin in less than six months.

5. Major changes would necessitate a complete overhaul of revenue and expenditure estimates for the current year.

6. Although revenues have been topping expenditures since the end of the war, September receipts were lower than expenditures.

Inside Hollywood

By Bob Thomas

HOLLYWOOD.—(AP)—Want a first-class, prepaid vacation in Europe, staying at the best spas and hotels?

Natch, kid. And it's available to you at no cost and little obligation—provided you're a topflight film star.

Take Joseph Cotten. In the last year or so, he has made three pictures in Europe—in London, Vienna and Italy. But he isn't complaining about constantly packing up his duffle-bag, or whatever movie stars pack up.

"This is the only way I could afford to take a European trip first-class," Cotten says, with perhaps unwarranted modesty about his money status.

ITALY IDEAL

Vienna was the most inconvenient place to work, said the actor. "We had black bread and cheese for breakfast while Valli, Orson Welles and I made 'The Third Man'," he related.

But in Vienna he had the only milk he tasted in Europe. It was flown in from Denmark.

Conditions were pleasant in Italy, where he just shot "September" locations. He and Joan Fontaine were filmed at Rome, Naples, Capri, Florence and Pompeii.

Cotten didn't even grouse about England, where he spent nine austere months. "You soon find what you put in your stomach is not too important," he remarked.

CAPSULE REVIEW

"Christopher Columbus" (Rank) is Britain's version of the founding of our continent. Too much of the film deals with the dull court machinations, leaving the actual discovery with little punch. Frederic March's fine portrayal and some good sea shots are the sole bright things in the film. Strangely, the hot-blooded Spaniards in the picture all sound like stuffy Britons.

OIL

Texaco Well Adds to Field

By Don Flach

Northern front of Redwater's oilfield was advanced another three-quarters of a mile over the week-end with the successful completion of Texaco-McColl Exploration Co's No. C-1.

The well is located on lsd 9-15-18-22W4 about three-quarters of a mile west and north of Imperial Egremont No. 1, first well drilled in the vicinity and fourth completed in the Redwater area.

Texaco C-1 was bottomed at 3,279 feet in the D3 and rig released yesterday. Pre-acid flow from the well was ten barrels hourly, more than sufficient to meet the market allowable.

TEXACO-McCOLL'S 10TH

Contractor, Brinkerhof Drilling Co. has moved to the site for a second well on the half-section obtained by Texaco-McColl at a recent provincial sale of rights. The second well is to be drilled on lsd 15, a quarter of a mile north-west.

The completion was the 10th in the Redwater field for the company. Other recent completions are B-5, which flowed 18 barrels in a one-hour test. General Petroleums rig used for the well has been moved to B-8. No. A-4 has also been completed and flowed 20 barrels hourly on a four-hour test. None of the wells have been acid treated. No. B-6 is still coring in the D3.

ROYALITE EXTENDS SEARCH

Royalite Oil Co. has teamed with Pacific Petroleums Ltd. for further extension of oil and natural gas exploration operations in British Columbia, according to S. F. Heard, president and managing director of Royalite.

The extension of the search will first be made in the Gulf Islands with the acquisition of extensive freehold and crown mineral rights. The islands are located in the Gulf of Georgia between Vancouver Island and the British Columbia mainland.

A preliminary geological survey of the Gulf Islands has already been carried out by Royalitoe geologists, and plans are now underway by the two companies to conduct further and more extensive geological examinations within the area in the near future.

USING ALBERTA RIG

Royalite is presently preparing to move one of its rigs from central Alberta to drill a wildcat on Graham Island in the Queen Charlotte group. Rig to be used is the presently drilling the Sharphead wildcat which was reported drilling at 6,287 feet this morning.

Royalite Consort was drilling at 3,224 feet this morning in the Basal Cretaceous Sand. A drill-stem test taken with bottom at 3,178 feet recovered 500 feet of salt water.

In the Redwater field, Royalite No. 21 has been completed with a post-acid flow of 79 barrels hourly on a seven hour test. The well has a pay-zone thickness of 107 feet, five feet more than its neighboring well, No. 19 which lies between it and the thickest well in the field, B.A. 6-5 which has a thickness of 161 feet.

The thickness would suggest that the formation, at least at this point, is not tapering off.

HARGAL NO. 3 RIGGING

Hargal No. 3 is rigging and expected to spud in late this week. It is located immediately east of the company's two successful wells in the field.

Alberta Oil Leaseholds, No. 3 lates completion in the Whitemud area is expected to go on steady production later this week.

In the Hanna area Globe Leduc-Redwater Leaseholds Halladay No. 1 is drilling at 2,100 feet.

Wright-Hargreaves Profits Reduced

TORONTO, Oct. 17.—(CP)—Net profit of Wright-Hargreaves Mines Ltd. for the year ended Aug. 31 was $832,684, equal to 15 cents a share, the company reports. This compares with net profit of $883,798 in the previous year. Production of $3,-[illegible] 910 was from 196,650 tons milled, equal to $15.77 a ton, and compares with $3,012,381 from 181,430 tons, equal to $16.50 a ton, a year ago.

Livestock

EDMONTON, Oct. 17. — Total receipts: Cattle 272, calves 120, hogs 229, sheep 10.

The bulk of Monday's cattle receipts were long haul and definite values on these will not be known until later in the day. A few early sales would indicate a steady market.

Practical top on butcher steers was 1950, bulk of sales brought 15.00-17.00 on fair to medium quality.

Medium to good butcher heifers traded from 13.00-16.00, with odd good heifers up to 17.00.

Butcher cows were steady to strong at 11.50-12.50, with the odd heifery kind realizing 13.00.

Stockers and feeders were moving under a good demand at 14.00-16.50, and up to 17.00 on the really fleshy kind.

London Stocks

LONDON, Oct. 17—(Reuters) — The London Stock Exchange was lifeless today. Trading was restricted by the approach of the end of the trading period and by economic uncertainties.

Details of Britain's new economic policy are expected to be issued this week and in the meantime market men have decided to go slow.

Fears of further restrictions affecting all sections of the community were reflected by slightly lower levels in industrial shares. Falls were fairly widespread with tobaccos, textiles, irons and steels generally a few pence off.

Oils followed the prevailing trend and were dull where changed. British government stocks were idle. Price changes were few and far between and the section closed steady and practically unchanged.

BOND MARKET

MONTREAL, Oct. 17. — (CP) — Dominions, provincials, municipals and corporations were generally steady in quiet dealings on the bond market here today.

Stock Prices Dip As Trading Lags

Leaders Drop Over Point; Oils Ease, Golds Lose Gains

TORONTO, Oct. 17.—Prices dipped steadily lower in the dullest trading in some time on the Toronto Stock Exchange today. Industrials showed a wide list of fractional declines following recent sessions of steady advance and base metals and western oils also sagged.

Golds opened stronger but began to slip into the minus column in mid-session. Volume was about 800,000 shares.

Market leaders were heaviest hit in industrials. Losses ranged from fractions to more than a point and about doubled gains. Almost every base metal issue trading was in the minus column. The big-four in the industry—Consolidated Smelters, International Nickel, Noranda and Hudson Bay—showed losses of about a point or more.

Golds opened higher but mid-session selling pressure brought out losses in key issues.

Western oils dipped quietly from the opening bell. Anglo-Canadian, Calgary and Edmonton and Royalite were among the losers.

Early Losses Are Enlarged

MONTREAL, Oct. 17.—(CP)—Losses registered earlier in the day were enlarged upon and more issues joined the minus column as the session approached the final hour on the Montreal Stock Exchange and curb market today.

Business was dull in both the industrial and mining sections of the board, the former having a turnover of 26,300 shares and the latter a 72,800-share turnover by 2.30 p.m.

International Paper was a heavy loser, down a point at 68 with a turnover of 1,095 shares. Prices were down 1½ points at 58½.

Noranda and Consolidated Smelters dropped heavily losing 1¼ and a point respectively. International Nickel and Aluminum were minor losers.

Algoma Steel was down 1½ points and CPR eased ¼.

Calgary and Edmonton eased 25 cents in the western oils at 6.75.

Recovery Cuts Extreme Losses

NEW YORK, Oct. 17—(AP)—A partial recovery cut extreme losses in the stock market today, but the list remained fractions to around two points lower.

There was a brief recovery effort early in the day that gave way to persistent selling. That movement ran its cuorse and was replaced with a scattered rise that brought the market up from its lowest point.

Gold issues right at the start got ahead, but they fell back in later trading.

Stocks going lower included Nickel Plate, Sante Fe, Southern Pacific, U.S. Steel, Republic Steel, General Motors, Chrysler, J. I. Case, Douglas Aircraft, Westinghouse, International Paper, Du Pont and Celotex.

Canadian issues were lower with the exception of Dome Mines which added ⅛, Canadian Pacific dropped ½, McIntyre was down ½, while Hiram Walker and Distillers Seagrams each eased ⅛.

On the curb, Giant Yellowknife climbed ⅛.

Western Oils Slip Slightly

CALGARY, Oct. 17.—Weaker trend appeared in western oils on Calgary Exchange today and trading volume of 56,725 shares also was down.

Calgary and Edmonton dropped 15 cents to $3.85 and General Pete "A" closed 1.01, two lower than Saturday. Continental lost one at 34 and National Pete also slipped one at 41.

Hanna Pete was off ¼ at 8 in sales of 12,500 and North Continental closed ½ down at 6½ in selling 13,500. Superior lost three at 36.

Hargal went contrary to the trend and added ½ at 12. Dalhousie remained at 54.

CANADIAN DOLLAR

NEW YORK, Oct. 17. — (CP) — The Canadian dollar was unchanged at a discount of 9¼ per cent in terms of United States funds in mid-day foreign exchange dealings today. The pound sterling was up 1/16 of a cent at 2.80¼.

Coarse Grains Climb To Seasonal Highs

WINNIPEG, Oct. 17.—(CP)—Oats, barley and rye registered new seasonal highs in trading on the Winnipeg Grain Exchange today during moderately active trade.

Shippers, exporters and [illegible] processors were attracted into oats [illegible]. The rye market was quiet and selling was performed by rye with locals and other interests on the buying side.

Flax trade was at a practical standstill with extremely thin trade.

The United Kingdom was allocated 600,000 bushels of wheat under the Anglo-Canadian wheat agreement while Switzerland took 330,000 and Colombia was the taker of a small parcel.

Prices of class two wheat, for export to countries other than the United Kingdom, were down one cent.

Country Suppers Rich in Purpose

By Ken Liddell
Provincial News Editor

Now is the time when the whole country is engaged in the greatest orgy of eating since Henry VIII.

All you have to do to get it going is to put hand-printed cards in the general store, drug store or the butcher shop window, or just in the lobby where the people come for their mail.

The rest of it travels by word of mouth and it's 10 to one it'll be a sellout.

It's good fun, down in the church basement or in the community hall, although when there aren't enough tables to go around the planks on benches . . . and forgive if your turn to eat doesn't mean plank, mine, midshipman's supreme, hardtack, if any.

It's the only thing that happens in the country where the people are willing to line up without grumbling at get what they feel is their just due, plus anything they can nip from : : front of their neighbor.

What you have you hold, but you've got to be quick about it. If you hold the plate too long you'll find somebody has cleaned it before you can lift a fork with twisted prongs to spear for yourself a couple more of Mrs. McCallum's pickles.

At least you figure they are Mrs. McCallum's because she is hovering nearby, sort of keep in check of gate from the house to regaining the time and whether Mrs. Busby's pumpkin pie is going over proper.

Mrs. Wood is all over Spence in the same manner as the ex-Chancellor. Nothing stuffy, except the audience.

Where they found the time to prepare it all is a pleasant mystery. How they kept it so warm and appetizing is another. Any way, the strength to eat and stand up is a blessing.

And the music and food combination! Unbeatable, even with the family trouble and cash problems.

Everything has its own chipped edges or distinctive pattern and bits of colored cloth tied to the knives and forks are as good as a street address for them to find their way home.

These good institutions are the progress of family ventures as the summer barbecues have been put to enjoyment and today it needs a hand-painted sign to find out the grandest women, fight and the noblest person.

For the city dweller to whom eating out has become more of a juke box jamboree than a pleasant pastime, the whole business is a bonanza.

The country ladies who well know the way to a man's heart is through the stomach, at least some of your know, too, that way to communities pocketbook for what-have-you-got-to-be-promoting, or whatever the fow, supper.

Life of Pioneer Was Good Inning

ROCKY MOUNTAIN HOUSE, Oct. 17.—It wasn't hard to tell where Henry Stelfox came from after he said, "Well, I've had good innings".

HENRY STELFOX
. . . Rolled own logs.

Where Mr. Stelfox came from was near Manchester, England but since he left there he had worked in the diamond industry in South Africa and had rolled his own logs to build his Alberta homestead shack before settling at Rocky Mountain House in 1923.

BLOOD BROTHER

While in South Africa, where he served in the Boer war with the constabulary, Mr. Stelfox took an interest in the natives and the Basutus made him a blood brother.

"I used to sit among them, just to get to understand them," he said.

It was this which led to his interest in the Canadian Indians when he came to this country and he believes that if the country had been able to find a way of giving them better living conditions without trying to change their religion the Indians would be better off today.

PACKED SUPPLIES

When Mr. Stelfox first came to Canada he worked as a cowboy around Midnapore, south of Calgary, eventually became manager of the ranch.

In 1907 he struck out on his own, went to Battle Lake, northwest of Ponoka, to homestead.

He packed in supplies—he was the packhorse—from Wetaskiwin, 84 land miles away. The trip usually took two days each way. It was tough going back with a 100-pound sack of flour on his back.

He owned no animals when he was building the shack, so after cutting his logs what he couldn't carry he rolled.

He got them into place with a rope hoist.

"If I had it to do over again, I wouldn't," he said when asked.

In later years he took to writing of his adventures—he is a member of the Canadian Authors' Association—and the poem he wrote about the homestead is called "Last Chance Cabin."

"I thought it was at the time," he said.

OTHER INTERESTS

Gradually Mr. Stelfox acquired other farm interests. When he moved to Rocky Mountain House in 1923 he became interested in real estate, fur business and as a secretary assistant for farmers.

Today in semi-retirement, he is thinking of settling down to business with the university's request that he write a history of the Rocky area.

And if would be right up to date When he isn't thinking of that Mr Stelfox is wondering how he can get pheasants to breed in the district.

BRIDGE

Signal With Queen Defeated Contract

By William E. McKenney

I had luncheon recently with an old friend, H. Huber Boscowitz of New York City, a former president of the bridge league. He was the first recipient of the Edwin A. Weitzlar trophy, given to the person who contributed most to the game of bridge.

Boscowitz is one of the greatest party entertainers in the country. He and Maggi McNellis have written a new book entitled "Party Games," published by Prentice Hall of New York. There are 31 games for adults and teen-agers in the book. The party host is always looking for games, says Boscowitz. When the bridge game breaks up and the prize is awarded, the crowd enjoys playing a different type of game.

He has a variation of "Twenty Questions" that is very interesting, and "Search Me" is a game that will break the ice at any party. It reminds me of today's bridge hand, which Boscowitz played in a tournament a few years ago.

Against the four-spade contract, Boscowitz' partner opened the king of diamonds. What should Boscowitz in the North play, the queen, the jack or the three of diamonds?

Most experts agree that you should seldom signal with the queen when you hold the queen and a small card of a suit. They prefer to reserve the play of the queen to show that you have the jack. Boscowitz also knew that if they were to defeat the contract, they had to set a club trick established quickly; so he played the queen, hoping to get the light to his partner that he held the jack. By the way, another of the games in his book is entitled "Shedding Light."

Now South felt safe in leading a small diamond. Boscowitz won this with the jack, returned a club, and now declarer could not establish the heart suit without losing a club trick.

Artificial Ice In Rink is Delayed

Wetaskiwin Will Convert Army Camp Into New Centre

WETASKIWIN, Oct. 17—Artificial ice rink for Wetaskiwin was given six months' hoist by the Community Council at a meeting attended by representatives of 14 organizations, when a motion to table plans was practically unanimously passed.

Only representatives of the Kinsman club went on record as favoring the project. Other representatives at the meeting felt the project was too ambitious at the present time.

At the same meeting, however, it was decided to go ahead with a plan to convert a portion of the army camp grounds, owned by the city, into a community centre.

A committee was appointed to arrange for the levelling of the ground and putting it in such shape that a start could be made next year.

Another committee was appointed to lay out an overall plan of development of a community centre.

CROONING might have been frowned upon in days when ships had wooden decks but that was before time of "Groaner" Bing Crosby. Boys in blue at Edmonton's HMCS Nonsuch were happy Saturday to receive a number of Bing Crosby records from Mrs. G. E. "Ma" Mortimer, Edmonton nurse who mothers all sailor boys. Petty Officer Harry Richmond, (left), and Able Seaman Eddie Townsend, gratefully accepts recordings from Mrs. Mortimer. Records were sent to Mrs. Mortimer as personal gift from Bing Crosby in Hollywood.

Varsity Capers Cause Friction As Police Called Into Action

Near-Riot Quelled As Engineers-Artsmen Clash

The dove of peace fluttered over U of A campus today as students caught their breath following a weekend of mass kidnappings and near riots.

But the dove was fluttering on one wing.

Nursing slightly bruised feelings [illegible] Engineers in the A-Sq and Science Club.

Glowing over a subscription job "well done" are the engineers.

And Edmonton city police are becoming more vocal.

Here's what happened:

The Arts and Science Clubbers threw a Mardi Gras costume ball Saturday night.

Determined to make [illegible] it were the engineers.

They did.

Friday, during election for a king of the Mardi Gras, the aisle-rules bans made off with three-[illegible] of four ballot boxes jammed with votes.

Then on Saturday they carried off their biggest coup:

They kidnapped the entire executive of the Arts and Science Club.

30 MILES AWAY

The "snatch," executed early Saturday morning was a complete success according to the engineers.

Held for a time at various [illegible] the kidnap victims were spirited away to an isolated cottage, about 30 miles from the city where they "loafed under guard" until late Saturday night.

Kidnap victims were Dick McCreary, Audrey Conquest, Wyl King, Lorne Calhoun, Fred Scott and Alwyn Scott.)

Blot was averted, but tempers strained to the bursting point Saturday afternoon when engineers surrounded Mardi Gras king candidate Bot Hatfield in the Turek Shop on 112 street.

Any plans of mayhem were confounded though when someone put in a call for the gendarmes.

Within minutes two burly members of the city police force arrived on the scene and escorted Hatfield to safety as the boys were forming ranks for battle.

ALL OFF

With the removal of Hatfield from the battle field, the battle was called off.

The dance, though, was called on, and even the executive got back from their cottage prison in time to crown Reg Lister king of the Mardi Gras.

SALEM, Ore., Oct. 17.—(AP)—The laundry building inside the Oregon penitentiary was damaged by fire last night. Warden George Alexander said all of the convicts were locked in their cells at the time. He said there was no disturbance connected with the fire, cause of which was undetermined.

Hopefuls Face Meet Tonight

Civic Elections Loom As Quietest In Many Years

Citizens' Committee will nominate mayoralty, aldermanic and public school board candidates at a meeting to be held tonight in McKay Avenue school.

Three candidates are in the running for the mayoralty nomination.

They are Aldermen George E. Gleave and Sidney Parsons, and Duncan R. Innes, high school principal and newcomer to the municipal political field.

With official nomination day set for Wednesday, the quietest civic [illegible] in recent history appears in the making.

Indication of the lack of interest in the election is shown in the small number of residents seeking to have their names placed on the voters' lists at the court of revision.

To date less than 10 residents have requested their names be placed on the lists.

MORE FLYING WOMEN have been added to airminded city of Edmonton as these three testify by their delighted expressions on examining private pilot's licenses received this week. All Edmontonians, each took training at Edmonton Flying Club and now are qualified to handle joystick. From left are Laura Tokaruk, Renee Lamoureux and Kay Mitchell.

City Flier Appointed To Naval Post Here

Defence headquarters today announced appointment of Lieut. (P) William H. Fearon, RCN, of Edmonton, as officer in charge of the naval detachment at RCAF Winter Experimental Establishment here.

Lt. Fearon, 27, is married and lives at 9723-88 avenue and was educated at Rutherford public and Scona high schools here.

Fearon succeeds Acting Lt.-Cmdr. (P) Henry P. Leidl, RCN, who is appointed to staff of senior Canadian naval liaison officer at London, Eng.

He is the son of Mr. and Mrs. William Fearon of 9723-88 avenue where he is residing temporarily with his Scottish war bride, the former Miss Mary Buick of Dundee.

One brother, J. E. Fearon, is a member of the Edmonton city police force.

Lieut. Fearon, 27, served with the RCAF for three years before transferring to the Royal Naval Volunteer Reserve for training in the Fleet Air Arm.

Later he was attached to aircraft carrier HMCS Warrior.

He was senior pilot with the RCN air detachment at Namao air base. In 1946 he was made a lieutenant in the permanent force.

Milk Producers Seek Increase In Milk Price

Public hearings will be held within a month to determine if milk prices are to be increased as requested by milk producers in the Alberta zones.

This was announced today by G. M. Blackstock, chairman of the Public Utilities Commission at Edmonton.

Milk producers in Edmonton, Calgary, Red Deer and Medicine Hat district are asking unspecified increases in the price paid to producers for milk.

Request for public hearings by the Commission to review prices has been received by the board, Mr. Blackstock said.

If an increase in the price paid to milk producers is granted by the Commission, retail price of milk in Edmonton, Calgary, Red Deer and Medicine Hat is expected to rise almost immediately.

Producers are granted a price increase two years ago by the Commission, to $4.25 per 100 pounds, and this increase sent the price of milk retailed in Edmonton up to 17 cents per quart.

Mr. Blackstock said the exact date of the public hearings would be announced shortly.

Officials Laud Preventions Efforts Here

Excellent co-operating has been received from Alberta towns and villages in promoting Fire Prevention Week, Alberta government officials said today.

During Fire Prevention Week, which concluded yesterday, government inspectors visited many provincial centres to discuss fire prevention campaigns with town and village officials and arrange display. R. Hughes, provincial fire commissioner, reported.

In some areas, civic officials cooperated by holding displays of fire protection equipment and by making house-to-house canvasses to discover fire hazards.

Clean-up campaigns are being staged in some communities.

Centres which co-operated in the campaign will be eligible to compete for merit certificates awarded as a result of International Fire Prevention Week contests, Mr. Hughes said.

Scout Chief Speaks Friday

Chief Executive Commissioner of the Canadian General Council of the Boy Scouts' Association, Major-General D. C. Spry, CBE, DSO, will be guest speaker at a joint luncheon of the Canadian Club of Edmonton and the Women's Canadian Club here Friday.

The luncheon will be held at the Macdonald hotel at 12:15 p.m.

General Spry will discuss "Training to Serve Canada."

Druggist Dies In Edmonton

Prominent Edmonton druggist for several years, Milton Russell Steele, died suddenly Sunday at the age of 43 years.

For several years, Mr. Steele has been proprietor of Steele's Drug Store at 11404-95 street.

A graduate in pharmacy from University of Alberta, Mr. Steele leaves his wife, Helen, and four children. They are Summerson, Allan, Bud and Dennis, all at home.

Funeral arrangements will be announced later.

Varsity Freshies Get Lectures From President

Freshmen at the University of Alberta are getting something new this year.

To assist them in getting used to Varsity life in their first year, freshmen students will hear a series of five lectures given by President Robert Newton.

Series has been authorized by the Board of Governors.

First lecture, to be delivered tomorrow at 10 a.m., is titled "What is a University?"

Other lectures deal with "The Complete Student," "The King's English," "Our Heritage," "Your Profession."

Crowd Beats Three Who Tore Two Nuns' Habits

NEW YORK, Oct. 17.—(AP)—Three men who tore the habits of two nuns outside a low-cost-of-living public school today were beaten to the ground by an angry crowd.

A police emergency crew rescued the trio from the punching and kicking crowd. Bleeding and bruised, the men were taken to a police station.

So-Ed Group Draws 185 Here

Young Adults Club (So-Ed) activities drew a total attendance of 185 at dancing, swimming, leather work, first aid, bridge and photography classes. It was reported at the first fall meeting of the club recently.

Clark Ready, general secretary of the Club, stressed the importance of useful employment of leisure time when he addressed the meeting.

Lectures will start in two weeks on arts and crafts, and registration in several classes in which there are openings will be accepted next Wednesday evening.

SHOPPING GUIDE

Citrus Fruits Soar As Ceilings Lifted

By Ben Thrifty

Yesterday was not a day of golden promise.

Yesterday was a day of misfortune.

Yesterday was a gloomy Sunday . . . gloomy for me because I miscalculated number of guesties and passing-out-food time came 'round with two patty shells filled with tuna among the missing.

And to make the situation even more trying, I had been smiling modestly and graciously all evening in the smug confidence of a calm, efficient hostess. What a schmozzle!

Alas . . . and alack I counted out seven and nine people seemed to be milling about my living room.

I never was a flash at figures.

But I shall all alone beweep my outcast state and fill this column with a bit of running information about the present embargo situation in relation to fruits 'n vegetables 'n things.

* * *

Saturday, last of price ceilings on fruits and vegetables were lifted.

This affects imported grapes, potatoes, citrus fruits, juices and imported or domestic carrots

* * *

Now the little men who keep their fingers on the whys and wherefores of these matters, say this will have little or no effect on grapes. But citrus fruits . . . woe is us.

* * *

Wholesalers, retailers are being cagey characters and are extremely vague about the extent of price changes in citrus fruit lines.

Fruit juices are expected to go higher almost immediately . . . which makes them fairly high cost.

Oranges and lemons will swing upward about two cents later this week. Further fluctuations will be forthcoming.

* * *

Saddest problem of all centres 'round the lowly spud. Ontario crops, though somewhat improved, don't give us much encouragement. Right now you can buy as many apples for a quarter as you can potatoes . . . more if they're cheaper, cooking apples.

* * *

I'm taking to serving rice in a variety of ways and being most careful with leftovers.

One favorite leftover potato trick of husbands is this:

Cold, boiled potatoes, can be dipped into beaten egg, rolled in crushed cornflakes, placed on greased baking sheet and popped into hottish oven for 10 to 15 minutes.

They're tasty and far more interesting than plain ol' warmed-over potatoes.

YOU YOUNG GIRLS who worry about overweight can lose a few pounds if you want. Be sure, however, that you cut out rich foods and continue eating essential quantities of eggs and milk.

WHY GROW OLD

Miss Lowman Answers Figure Control Queries

By Josephine Lowman
(The Question Box)

Causes Varied!

Q. "I live in a resort town and would like to wear shorts without feeling self-conscious. I am 20 years old and have an average figure. My trouble is the noticeable broken veins in my legs. What causes this? Is there any way to hide them?"

A. These may come from tight garters, extremely strenuous exercise or constipation. Extreme overweight or underweight seems to emphasize them. There are makeup products which will cover them.

Q. "I am a young girl of 15 and am worried about my figure. I am 5 feet, 4½ inches tall. I weigh 128 pounds and am not bad looking. My waist measures 26 inches; bust 34 inches; and hips 34 inches. Would you please give me your opinion of my shape?"

A. You could lose from 5 to 7 pounds. Do this in a sane way. Keep drinking your milk and eating your cereals and boiled eggs and fruits and vegetables and lean meat. But leave off candy and "goo" and rich desserts. Also take a waist-reducing exercise.

Q. "I am a girl of 20 years of age. I have a very large, pendulous bust which makes me most unhappy and self-conscious. Could you tell me what exercises to take to strengthen the muscles and reduce the bust?"

A. Be sure that you are wearing one of the bras especially planned for the pendulous bust. These support the bust well and will give you a good bustline when dressed. Take this exercise: Stand tall and make large circles with your arms, circulating upwards, crossing the arms in front of the body and bringing them sideways and downward to the sides. Pull back as you bring the arms down to place. Do this one hundred times morning and one hundred times at night.

Horoscope

By FRANCES DRAKE
FOR TUESDAY, OCT. 18, 1949.

March 21 to April 20 (Aries)—Family and personal interests bear the benefic responsibilities today. Stars favor intimate matters, homecare and teaching of children, also business and social affairs.

April 21 to May 20 (Taurus)—Mixed influences during part of day for financial and business matters, new license, signing papers. Bend backwards to please favorably, co-operate with associates, superiors, family.

May 21 to June 21 (Gemini)—Your rays now particularly sponsor everyday, essential efforts. Emits humanitarian. You interested in and concerned with transportation, electrical devices, be sensibly careful.

June 22 to July 23 (Cancer)—Restrain tendency to exaggerate; put your shoulder against the wheel with confidence. Take things more as they come; avoid too critical an attitude.

July 24 to August 23 (Leo)—Let that radiant personality shine today; it's written in your horoscope that it will come from honest effort. Don't miss opportunity by talking too much or star-gazing.

August 24 to September 23 (Virgo)—Extra effort will get at least reasonable returns, if you take things seriously. Watch budget, save certain amount of earnings and you will relish nest-egg later in life.

September 24 to October 23 (Libra)—Avoid getting into needless controversion, foolish arguments. You don't like it so why? Manoeuvre. Make [illegible] personal [illegible]. Be [illegible].

October 24 to November 22 (Scorpio)—Fortunate rays for you clever folks to work with now. Widen your interests, be up-to-the-minute on current conditions, flexible when change is needed; you can achieve now.

November 23 to December 22 (Sagittarius)—Mixed vibrations call for more astute handling of immediate affairs. Some unusual proficiency will help if properly, non-showily stimulated. Know when to desist.

December 23 to January 21 (Capricorn)—May be no apparent help today. You are mostly on your own. However your practical and ambitious nature should have little trouble getting through with credits to spare.

January 22 to February 20 (Aquarius)—Steady yourself and show slight reverses, contention. Stand firm and you can overcome obstacles. Skilled vocations, engineers, scientists, those with precision minds can expect new gains.

February 21 to March 20 (Pisces)—Those in highly sensitive occupations and administrative or legal work may advance unexpectedly. All in your life friendly and frank and others will understand you better.

You Born Today have a fine sense of harmony and proportion, are a natural arbitrator, would make excellent judge, banker, diplomat, engineer; could also achieve in artistic career. Be most careful of vocation and hobby you choose, also intimate you do best when harmony is evident. Should be popular in social life, can see both sides of a subject readily and are not one to refuse to listen. But you will battle for a principle. Take life smoothly, be less emotional and you should be happy Birthdate: Thos L. Peacock, novelist, poet; Thaddeus Chrzanowy, U.S. senator.

YOUR BABY AND MINE

Small Child Should Not Eat Everything

By Myrtle Meyer Eldred

Babies have such generous diets these days and so early in their lives eat such a variety of foods that mothers may grow careless and think that any food the child can chew and swallow is good enough for his diet.

Among the vegetables it is better not to give the young child sweet corn. Corn is one of the cereal grains toward which some children exhibit marked allergy. Corn, being a highly starchy food, needs to be well-chewed and small children are not efficient chewers. It's one of the many vegetables which it does not profit a child to eat, even if it doesn't make him actively sick.

Melons and cucumbers are foods which are high in indigestible cellulose, contain very little nourishment, though they both contain appreciable amounts of vitamin C. Unless the child has no other source of C then cucumbers and melons should be scratched until he is old enough to digest them easily and eats more for pleasure than for nourishment.

Spiced foods or highly salted foods are not for children. They enhance the flavor of a food for the jaded adult appetite; but for children they are too stimulating and make them less appreciative of the bland foods their diet should contain. So all meats, or any foods which depend for their appeal on their spicy taste, are out for children.

Fats are the most difficult of all the food elements to digest. So it is well not to burden a child with foods of high fat content, such as rich gravies, buttery desserts, meats like duck or goose or milks too rich in cream.

Nuts are highly fat and have another disadvantage for small children; they sometimes choke on the hard particles and inhale them into their lungs. Use nut butters, only, for small children.

Cranberries and gooseberries are too acid, and their acids contribute to the body's acid instead of the alkaline balance as in the case of citrus fruits. Most children won't like them, anyway.

Our leaflet No. 26 on "Diet from One to Two Years" may be had by sending a stamped, self-addressed envelope with your request to Myrtle Meyer Eldred in care of this newspaper.

The New Short Evening Gowns Need Beautiful Evening Slippers

The new short evening gowns focus so much attention on your feet and legs that really beautiful evening slippers are a "must" for everyone this year.

The smartest are very open sandals with thin strapping or lacings that wrap around and tie high above the ankle. The shoe itself is only the merest shell on a sole, sometimes with a tiny closed cap over the toe, sometimes completely open. You may match your dress in color or wear gold or silver kid or a bright, contrasting color.

DOROTHY DIX SAYS

Young Girl Innocent Victim of Suspicion

DEAR DOROTHY DIX: I am a girl 19 years old. Three years ago I came to the city from a small town and got a job in a department store.

A short time afterward the big boss called me to his office and talked to me. Found out I had little education and urged me to go to night school and improve myself. Which I did. He is old enough to be my father and has treated me as a father might a daughter. Made it possible for me to get an education. Got me to join the church.

He has been all that a Christian gentleman should be to me, but his wife has become very jealous of me, and makes things very unpleasant at home for him.

I feel that I should leave the city so that there will be no further strain on their already strained relations, but he begs me not to.

I want to obey his wishes because he has been so good to me, but I never want to be a party to breaking up a home, even if I am not guilty of any wrongdoing. What must I do?

TRUTHFUL.

ANSWER: Go. And at once. It is the only way that you can repay the kindness of your benefactor and save him from the scandal of a divorce and the anguish of a broken-up home.

That you are both entirely innocent of any wrong-doing does not affect the wisdom of this move. The world does not see the heart of the individual.

It only observes its actions, and smiles cynically and puts the worst possible interpretation on old gentlemen who take a paternal interest in a pretty young girl employee.

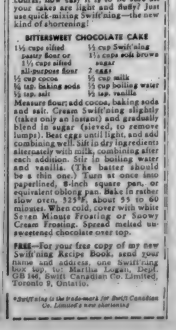
Edmonton Branch of Canadian Authors' Association regular meeting tonight at 8 at the home of Mrs. A. E. Cook, 10040 103 street.



THIS Bittersweet Chocolate Cake is really scrumptious! You know, of course, how easy it is to be sure all your cakes are light and fluffy? Just use quick-mixing Swiftning—the new kind of shortening!

BITTERSWEET CHOCOLATE CAKE

1½ cups sifted pastry flour or 2½ cups sifted all-purpose flour
½ cup cocoa
½ tsp. baking soda
½ tsp. salt
½ cup Swiftning
1½ cups pak brown sugar
2 eggs
1 cup milk
½ cup boiling water
1 tsp. vanilla

Measure flour, add cocoa, baking soda and salt. Cream Swiftning slightly (takes only an instant) and gradually blend in sugar (sieved, to remove lumps). Beat eggs until light, and add combining well. Stir in dry ingredients alternately with milk, combining after each addition. Stir in boiling water and vanilla. (The batter should be a thin one.) Turn at once into paperlined, 8-inch square pan, or equivalent baking pan. Bake in rather slow oven, 325°F., about 55 to 60 minutes. When cold, cover with white Seven Minute Frosting or Snowy Cream Frosting. Spread melted unsweetened chocolate over top.

FREE—For your free copy of my new Swiftning Recipe Book, send your name and address, one Swiftning box top, to: Marilie Logan, Dept. CB 166, Swift Canadian Co. Limited, Toronto 9, Ontario.

*Swiftning is the trademark for Swift Canadian Company Limited's new shortening

CWPC By-Line Ball To Be Thursday Eve

Plans Discussed For National Affiliation With London Club

Typewriter keys of Canadian Women's Press Club members of Edmonton will be silenced Thursday evening as members usher in their initial "By-Line" Ball.

Semi-formal party will be presented at the Macdonald hotel ballroom with maestro Franck McCleavey wielding the orchestra baton.

Author Ella Jacoby Walker, playwright Elsie Park Gowen, commentator Eve Henderson, freelance radio writer Jean Paul have tossed their pens aside to arrange the party program.

Others involved in By-Line Ball arrangements are Shirley Smith, Dellis Cleland, Kay Ford, Betty Reynolds, Jean Richards, Helen Jackman, Nellie McClung, Louise O'Neill.

Dispatch received from CWPC national office today prompted local secretary Louise O'Neill to make the following announcements:

Mrs. J. J. Dingman of London, Ont., has been named chairman of the memorial award committee of the Canadian Women's Press Club for 1949-50. Miss Rita Myers, president of the club announced following a week-end meeting of the national executive here.

The memorial award, in honor of former prominent Canadian women writers now deceased, is presented yearly to a Canadian professional woman writer for outstanding achievements.

Mrs. Dingman, a newspaper woman and magazine writer, is a lecturer in journalism at the University of Western Ontario, at London.

Plans were discussed for possible affiliation with the Women's Press Club at London (Eng.) Ltd., with a view to an exchange of membership and to further Anglo-Canadian relationships.

Miss Myers, who recently returned from England brought the London club's invitation for the affiliation.

Arrangements for the first biennial general meeting to be held in September 1951 here were discussed. Tentative date of the next meeting of the national executive has been set for next spring at Winnipeg.

Two CGIT Officials To Visit

Two national officials of Canadian Girls in Training will be in Edmonton soon in the course of a tour of western Canada.

They are Miss Beatrice Wilson, chairman of national CGIT committee of the department of Christian education, the Canadian Council of Churches; and Miss Margaret Webster, national girls' work secretary.

They will meet provincial girls' work boards and will visit Alberta cities of Calgary and Lethbridge.

CGIT program is one of Christian education for girls of 12 to 17 and is sponsored by Baptist, Church of Christ, Disciples, Presbyterian and United Churches, of Canada.

There are 3,000 groups in Canada with 30,000 members.

National CGIT committee is financed through Christmas Vesper services.

Provincial secretaries go to Toronto each year for staff conference. This is the first time the chairman of National CGIT has gone to the field.

Miss Wilson, who will return to Toronto in mid-November, is director of St. Christopher House, Toronto, and president of Fellowship of Professional Women Workers in the United Church.

Rev. Hart Cantelon To Be Guest Speaker

Rev. Hart Cantelon, head of Christian Leadership Training department at Alberta College and minister of Jasper Place United Church, will be guest speaker at the Thankoffering meeting of Knox United Church Women's Missionary Society Thursday at 2:30 p.m.

His topic will be "Religious Training for Youth."

Recently returned from the Pacific School of Religion at Berkeley, Calif., where he received his Master of Arts degree, Mr. Cantelon is one of the most dynamic speakers among the young men in the city.

He is active in YMCA work in the city.

Knox WA Bazaar To Be Held Nov. 23

Autumn bazaar is to be held by Knox United Church Women's Association Nov. 23.

It will be held in the recreation room of the church.

Maccabees Lodge No. 18 whist party and dance will be held in Westmount Hall tomorrow at 8 p.m.

The year was 1832

. . . Canadians, with the war of 1812 fresh in their minds, built a grim fortress on the St. Lawrence, near Kingston. Its name: Fort Henry. Its avowed purpose; to "keep out the Yankees."

But never a shot was fired from Fort Henry. Its limestone walls crumbled into ruin . . . until a century later, when it was restored as an historic site where thousands of "Yankees" are welcomed as friendly visitors, every year.

Fort Henry is fort in name only because two great nations live side by side, in peace, in friendship, in mutual help.

Can it be coincidence that both these nations are ruled by the will of the majority?

Between nations where the people speak freely, peace will be maintained. So Fort Henry is an historic reminder that . . .

When YOU cast your secret ballot at every election—municipal, provincial, federal—you exercise a duty and privilege planned, worked and fought for by your forefathers. Your vote protects the future of your children. To fail in this duty is to be less than a good citizen.

HELPING AND HELPED

With Some Wool and Patience You Can Make A Woollen Doll

Dear Tawasis:

You will never be at a loss for something to do when you know how to make dolls from wool. It's fun and easy, too, to make the head, arms, legs, and body of the dolls from ordinary wool.

To make the body take half an ordinary skein of white wool cut in a bunch about eighteen inches long. Tie it tightly in the middle, fold the wool over and tie again just under the first knot to form the waistline. The long part of the wool doll is formed.

Its just as easy to make the arms. They are made by tweezing a long portion of wool around and around once. It forms a good arm. You have completed one arm when you can see the end of the wool. Now for the hands. Tie one end of the arm with a piece of thread quite close together, and make a round ball as big as a quarter through the centre.

HEAD IS FUN

The head is the most interesting part to make and you can do it in by making it in the shape of a ball. First you must take two round pieces of cardboard as big as a silver dollar, put them quite close together, and make a round hole as big as a quarter through the centre.

Thread this you must wind round and round it until you can get on the cardboard. Now put the point of the scissors between the two cardboards and cut the wool evenly all round.

The next step is to wind a piece of thread round the wool between the pieces of cardboard and tie it tight in the middle. Now remove the cardboard and shake the wool and you will have a round, tight ball.

Fasten the head to the body with a needle and thread. Now you are all ready to give the doll a pretty face. Mark the eyebrows with black silk thread the nose and mouth with red silk and the eyes with blue silk. If you have any blue beads use them for the eyes in place of the thread.

To complete the doll you will have to make short legs and some clothes. The legs are made by twisting short pieces of wool round and round until they form cords. Cut one end of each into a tassel for the feet and sew the other end to the bottom of the body. Wind black thread you can embroider shoes.

CLOTHES SIMPLE

It's a simple job to make the clothes. From bright material you can make an apron tied at the waist with a sash and also a cloak and hood. Your doll will look more realistic if you like some lace. Sew on beneath a few pieces of lace. When the dress, then put the hood into the centre head, and she will be complete.

Some of you have made one woollen doll and have had some of them left over. Why not make yourself a doll. It can be done. Try it and see if you don't find it fun.

Sincerely,

Jean Thacker

Uncle Wiggily's Bedtime Story

By HOWARD R. GARIS

Buster and Bunty, as well as Uncle Butter and Double Dip, were so surprised at seeing Polly Pickles shouting about pirates that for a few moments they didn't know what to do. Finally Double Dip spoke:

"I guess—Ho! Ho!—I guess that's one of them there pirates, eh, Uncle Butter?"

"No, it isn't!" Bunty was very sure of this. "Captain Silver, when he brought the gold map to Uncle Wiggily, said all the pirates had left Ghost Island. If they left, they can't be here."

"I wouldn't be too sure about that Captain Silver," Uncle Butter started nibbling a piece of cheese. "I didn't like his looks from the start. But do you know what I think, Buster Boy?"

"What do you think, Uncle Butter?" Buster the rabbit scout was looking here and there amid the trees trying to see who had spoken. "What do you think? Uncle Butter?"

"I think that Captain Silver is a pirate himself."

"Oh, that would be terrible!" Bunty hopped closer to Buster.

"Yelp, pirates are terrible, all right, Bunty. But maybe I'm wrong. Maybe Captain Silver is O.K. and will really help Wiggy find the gold."

"Well, I hope Captain Silver is O.K.," said Buster. "But I also hope just for fun, that we find the gold first so we can give it to daddy."

Then, once more that strange voice called through the forest:

"This way, pirates! This way! Come to Polly Pickles to find the gold! This way!"

Again Buster, Bunty, Double Dip and Uncle Butter stopped suddenly. The little fat piggie boy grunted:

"Oh, I know who that is!"

"Oh, I know who that is!"

"Who is it?" Bunty got ready her secret weapon.

"Ho! Ho! It's a ghost. Just a ghost! Ho! Ho!" Double Dip didn't seem at all frightened.

"Nonsense!" Bunty put her secret weapon down on a flat stump. "There are no such things as ghosts!"

"Well, what were those funny little things I saw at Hallowe'en?" Double Dip wanted to know. "Tell me that, Bunty!"

"They were just funny, make believe ghosts, Double Dip. All in fun. But I think somebody is playing a trick on us so I'm going to shoot my secret weapon. Bunty's secret weapon was an old roller skate in a tin can. She jingled it up and down and it sounded like something you would use on New Year's Eve. Then Bunty's secret weapon made a noise like a mama doll crying for a drink of water.

Off in the woods a harsh voice laughed and said:

"Ha! Ha! Ha! You can't scare Polly Pickles that way! Come to me and I'll show you how to dig for gold!"

"Over this way! Come on! Follow me!" Buster led the way down a woodland path.

"Who are you and what are you doing?" asked Bunty. The answer came:

"I am Polly Pickles and I'm digging for pirate gold!"

Arms By Canada Rejected By U.S.

Defence Experts Would Change Law Barring Imports By Army

By Douglas How

OTTAWA, Oct. 17.—(CP)—The Canadian government's campaign for a two-way exchange of arms between Canada and the United States—a subject of private negotiations for probably two years—has been brought sharply into the open.

On successive days, Prime Minister St. Laurent and Defence Minister Claxton have driven home to American audiences the argument that only by such an exchange will Canada be able to live up to her full potentialities as a partner in continental and North Atlantic defence. Mr. St. Laurent said his piece at Troy, N.Y., Mr. Claxton said it in New York Saturday.

Ever since her dollar situation became perilous and emergency steps were taken two years ago, Canada has found it hard to buy the U.S. military equipment she would like to have. She would buy a lot more if she had the U.S. dollars.

Simultaneously, she is interested in building up her arms industry because of the world situation. But her own needs alone are too small to do the job.

So Canada has been telling the U.S. government the only way Canada can build herself up and buy U.S. equipment to help do it is for the U.S. to take Canadian arms. In this way, instead of a drain on dollars, there would be an exchange of arms.

It would, as Mr. St. Laurent said, amount to a revival of the wartime Ilyde Park agreement. It would, Mr. Claxton said, "only be fair."

The American government itself, through the late defence secretary Forrestal and his successor, Louis Johnson, has expressed approval of the idea and talks have been going on for months.

But the American cabinet has not the same sort of direct control over parliament as the Canadian cabinet has. The formal bar in this case lies in "Buy American" legislation which permits the U.S. forces to buy only American-made equipment and arms.

And that legislation is the child of Congress. Only Congress can change it. The cabinet can make suggestions, but only Congress can make changes. Congress has shown no signs of changing it.

Sharp Tremor Felt in East

OTTAWA, Oct. 17.—(CP)—A sharp earth tremor rattled windows and dishes in Canada's capital and other centres throughout eastern Ontario last night.

Officially described as a "sharp local earthquake," the tremors lasted about 30 seconds. There were no reports of injuries or damage.

Officials at the Dominion observatory in Ottawa said seismograph plates developed last night showed that the quake was centred about 12 miles east of the capital.

Observatory officials said the quake was "much heavier" than one recorded here last February, but "nothing compared to the 1944 Cornwall earthquake."

Some of the heaviest tremors were reported from Alexandria, Ont., about 40 miles east of Ottawa, where residents said it felt as though "a big truck" had hit their homes.

Air Cadet Heads Plan Meeting In Winnipeg

OTTAWA, Oct. 17.—(CP)—The national executive committee of the Air Cadet League of Canada will meet in Winnipeg Tuesday, air cadet league headquarters announced yesterday.

League directors under the chairmanship of D. Alex Ross, of Vancouver, president, will review 1949 activities and plan further developments for the air training program.

Matters to be discussed include the RCAF scholarship flying training program and the award of air cadet scholarships to the cadet services colleges at Royal Roads, B.C., and Royal Military College, Kingston, Ont.

Missing Hunters' Campsite Found

VAL D'OR, Que., Oct. 17.—(CP)—Provincial police yesterday found a deserted camp site on the shores of Lake Gaotonage, 32 miles from this northwest Quebec mining town, where three hunters have been missing since last week-end. The three are Roch Bussiere, his brother Bruno, and J. Lanoix.

Exporters Meet

MONTREAL, Oct. 17.—(CP)—Financial experts from Canada, Britain and the United States will be main speakers at the sixth annual convention of the Canadian Exporters Association here next Thursday and Friday.

MORE CIVIL HEROES

British Heroism Now At 34-Year Peak

LONDON, Oct. 17.—(CP)—Britain has more civil heroes this year than at any time since 1915.

That's the word from the Royal Humane Society, which considers recommendations for saving lives at sea, in rivers and inland waterways. They have dealt with 400 cases so far this year.

Brave acts, not only in Britain but in British possessions overseas, are rewarded by the society. A gold medal is given for the bravest rescue of the year and silver and bronze medals and testimonials also are awarded.

In addition, the society annually distributes £40 ($160) to pay some of the expense of those who have their clothing or watches ruined in a rescue.

Dug Too Deep

DUNCAN, B.C.—(CP)—Half of Duncan relied for water on tank trucks recently. A bulldozer rerouting a highway tore up a large water main serving half the city's homes.

Organized Search For 2 Abandoned

ESTES PARK, Colo., Oct. 17.—(AP)—The organized search for two Colorado college students lost since a week ago Sunday in the snowy heights of Rocky Mountain National Park was formally abandoned yesterday.

But members of the College Hikers Club said they will continue the hunt for David Devitt of Arvada, Colo., and Bruce Gerling of Phoenix, Ariz., 21-year-old sophomores.

MEMPHIS, Tenn.—(UP)—C. A. Hoots, mail clerk, found four one-cent stamps attached to a note in a mail box: "Please place these on any postcards without stamps."

MISSING LIGHT PLANE FOUND SAFE IN B.C.

VANCOUVER, Oct. 17.—(CP)—Two persons missing since Friday morning aboard a single-engined plane in the British Columbia interior were reported safe Saturday night.

The RCAF said 23-year-old pilot Mac Sheridan of Yakima, Wash., and Mrs. Dorothy E. Terry of Portland, Ore., had been forced down at isolated Chilco Ranch, near Williams Lake, B.C., about 200 miles northeast of Vancouver. Sheridan reported by telephone that both he and his passenger were unhurt.

Sheridan, a real estate agent, left Yakima Tuesday on a business trip through British Columbia. His plane was forced down on a flight from Quesnel, B.C., to Vancouver.

The pilot said his plane had suffered little damage and that he would continue his flight to Vancouver when it had been repaired.

A heavy rainstorm swept Sheridan's charted route shortly after his takeoff from Quesnel Friday.

MOTORIST WON'T GO SHORT OF DRINKS

OAKLAND, Calif., Oct. 17.—(AP)—The car of John Kay, Danville building contractor, sputtered to a stop—out of gas.

A friendly motorist in an old automobile, Kay said yesterday, stopped and offered to push his vehicle to a filling station.

"Thanks, and buy yourself a drink," Kay said, pressing a bill on the other driver. The helpful motorist tried to refuse but, Kay relates he insisted.

A few hours later Kay looked into his wallet. He discovered that instead of a dollar, he had given his highway benefactor a $1,000 bill.

How Much Debt Should A Man Place On His Shoulders In Order To Buy His Home?

That depends largely on the man's ability to pay and the permanence of his position.

But we feel that most of us like the thought of having our ... as possible and for that reason we offer now, as always, first class small homes at a total price of $3,850, which can be bought with down payments of $1,300 and the amount owing is still small enough to be paid off within 5 years, with a payment that most of us can easily afford.

The bungalows themselves are of charming appearance and solidly built, well finished and occupy a good 50x150' lot. Located within 2 blocks of school and less than one block from bus line.

THESE BUNGALOWS REPRESENT TODAY'S FINEST VALUE FOR YOUR WELL EARNED DOLLAR.

Union Head Goes on Trial

LYNN, Mass., Oct. 17.—(UP)—International President Albert J. Fitzgerald of the CIO United Electrical Workers goes on trial today on a charge of "conduct detrimental to the good and welfare of the union."

Fitzgerald, accused of left-wing tendencies, and three of his followers will be tried before the executive board of Lynn UE local 201. The three are Joseph Turkowski, a union organizer, and local executive board members Jerome Flynn and Leo Corcoran.

The charge against Fitzgerald was brought by Frederic M. Kelley, business agent of the local and unsuccessful candidate for the union presidency at the recent UE convention at Cleveland.

REJECTS INSTRUCTIONS

Kelley has said that Fitzgerald "refused to follow the instructions of the membership of his local union . . . to vote for the left wing candidates" at the convention.

Kelley himself has been accused by seven Fitzgerald faction shop stewards of "aiding the General Electric Co. in its efforts to lower the wages and working conditions of UE members."

The executive board will report its findings to the union meeting next Monday. The final decision will rest with the union's members.

Several Hurt In 'Peg Fight

WINNIPEG, Oct. 17.—(CP)—A number of persons were beaten and kicked and windows were smashed in a melee which climaxed a public meeting at the Ukrainian Labor Temple here Sunday. No one was seriously injured.

Hundreds participated in the wild fracas which lasted more than an hour. A score of police was needed to break up the disturbance. There were no arrests.

The meeting was sponsored by three Winnipeg United Ukrainian Canadian Associations to hear a report by Peter Krawchuk, writer from the Ukrainian Life Weekly, who recently returned from the Soviet Union and the USSR.

Mr. Krawchuk spoke about life in the Ukraine and held a question period. Only trouble started after a couple of hecklers were ejected.

Too Hot To Work

BELLEVILLE, Ill.—(UP)—The heat wave proved too much for two enterprising burglars. A tavern owner, Martin H. Fisher, said the pair dragged an 800-pound safe out to the sidewalk. At that point, they apparently gave up to the weather, for the safe, containing $300, was unopened.

Wished Him Luck

BRISBANE, Australia—(UP)—Because of a misunderstanding by his wife's will, M. V. Crowe will receive a lottery ticket once a fortnight for as long as he lives, Mrs. Crowe left $120,000.

Gale Warnings On East Coast

HALIFAX, N.S., Oct. 17.—(BUP)—Gale warnings were posted along Canada's east coast today and fishermen battened down ready for the fringe of an Atlantic hurricane heading here from Bermuda.

The dominion public weather bureau predicted "force seven" winds—severest on the Beaufort scale—would churn the ocean and be felt most west of Sable Island.

Sable Island has built up a name over the years as the "graveyard of the Atlantic" because of the high ratio of shipwrecks there compared with other areas.

The weather advisory said a hurricane centered about 300 miles north of Bermuda was forging east northeast at about 20 knots.

"It is expected to pass about 150 miles south of Sable Island Monday morning, causing northeast gales of force seven in the east of the Maritimes and in the eastern half of the west of Sable area," the report said.

No Beer, More Grass

PITTSBURGH, — (UP) — The grass is greener at the University of Pittsburgh this summer. The Student Congress voted 12-2 against a motion to legalize beer in quarters and tacked on an amendment to make the grass greener. Probably to make the short walk to the nearest bar a little more pleasant.

Anti-Moscow Revolt Heard From Albania

TRIESTE, Free Territory, Oct. 17.—(AP)—Astra, Italian news agency, quoted "reliable sources" today as saying regular army elements have revolted against the Communist government of Albania in a "clearly anti-Russian" movement.

The agency said it was unable to confirm this report. There have been no western correspondents in satellite Albania for several years. There have been repeated reports of risings in Albania, particularly since the recent purge in which former high officials were executed for "Titoism."

Astra said its Yugoslav sources have reported a breakdown in secret negotiations between Albanians and officials of Marshal Tito's Yugoslav government to establish friendlier relations. Since the Yugoslav-Albania break, Albania has been isolated from the rest of the Communist satellites, since Yugoslavia surrounds Albania by land.

Astra said also an Albanian democratic committee in exile is planning to ask the United Nations to investigate Russian influence in Albania.

Canada Denies Ukraine Claim

LAKE SUCCESS, N.Y., Oct. 17.—Canada Saturday denied charges by the Soviet Ukraine that refugee labor is subject to discrimination in the dominion.

Senator Cairine Wilson of Ottawa told the Security Council committee of the United Nations assembly that working conditions of displaced persons in Canada are comparable to those enjoyed by Canadian citizens.

ANSWERS CHARGES

She answered charges by the Ukraine's Ivan P. Demtchenko who touched briefly on conditions in Canada during an hour-long attack on working conditions of refugees in Britain and the United States.

Demtchenko quoted a news story in the Montreal Gazette of last May 7 which reported that a Ukrainian refugee girl had attempted to commit suicide in despondence over her working conditions.

He said Ukrainian displaced persons in Canada complained they worked 14 hours a day for about one-third the pay Canadian citizens received and worked 12 hours a day on the same job.

Senator Wilson, denying the charges, quoted a letter received by the Canadian government from a refugee miner in western Canada who commended on a press report of charges similar to the Ukraine's made in the UN last spring by Henryk Altman of Poland.

Canada Red Raps U.S. Trial Result

TORONTO, Oct. 17.—(CP)—Tim Buck, leader of the Labor-Progressive Party, said today the conviction of 11 Communist leaders in the United States is a "shameless and criminal frameup against Democratic liberty and peace."

It is a "glaring proof" the Canadian Communist chief said in a statement, that the administration of President Truman is "pursuing policies of preparation for aggressive imperialist war."

INDIA'S NEW POLICY 'NO ENTANGLEMENTS'

NEW YORK, Oct. 17.—(AP)—Prime Minister Nehru of India declared here Saturday he wants "no ties" to either the east or west in big-power politics.

Here on a goodwill mission, Nehru said in a speech some American reporters have asked him "naive" questions about his foreign policy.

These he said, included whether he had strengthened the ties between India and the United States.

"I think I don't want any ties, and I think the best ties are no ties," he told a gathering of fellow countrymen at a reception in his honor.

Nehru flew here from Washington. He is on a three-week visit to the United States and Canada.

Secrecy of Ballot Is Lost If Sask. Practice General

REGINA, Oct. 17.—(CP)—The secrecy of the "whole Canadian vote" in federal elections could become jeopardized, in the opinion of Chief Justice J. T. Brown of the Saskatchewan Court of King's Bench.

He made the comment at the close of a five-day inquiry into the counting of ballots in Regina city constituency and the conduct of the election.

"If the carbon offset markings which appeared on Regina ballots have been duplicated anywhere else in Canada, and I have no doubt they have, then the secrecy of the whole Canadian vote has been jeopardized," he said.

If the poll book in Regina city constituency had been open to public scrutiny, numbered ballots possibly could reveal the name of a voter and the candidate for whom he had voted, he added.

The chief justice was named to conduct the inquiry after J. Probe, defeated CCF candidate, had protested the disallowance by Judge B. D. Hogarth of 460 ballots which the deputy returning officer had counted on election night. Judge Hogarth conducted a recount and after it the Liberal candidate Dr. E. A. McCusker, was declared elected with a plurality of 162 votes.

Gang Guns Rattle in U.S. As Shelton War Revived

FAIRFIELD, Ill., Oct. 17.—(UP)—"Black Charley" Harris faced preliminary hearing today on a charge of shooting Little Earl" Shelton in the latest of a series of ambushes apparently aimed at wiping out the notorious old Shelton gang.

Harris, a moody 53-year-old ex-convict who once fought on the Sheltons' side, was charged with assault to kill in connection with the half dozen slugs fired into "Little Earl" in a midnight shooting Sept. 9.

Little Earl, 30, recovered and told authorities that the shots fired at him in front of his home came from a car he recognized as belonging to Harris.

Harris denied the charge. He said he had an alibi because his car was in a garage for repairs.

Authorities said there also was a "similarity" between the shell casing found after Little Earl was shot and those stop a garage where a sniper pumped a couple of bullets into his uncle, Big Earl, 59, last May.

This was Harris' second brush with the law in connection with the shooting of a Shelton. He and the oldtime gang clan had worked together until 1947 when they had a run-in over some cattle.

Shortly afterwards, in November of that year, Big Earl Shelton was ambushed and killed on a lonely back country road. Little Earl witnessed the shooting and gave information that pointed toward Harris as the assassin.

HARRIS CLEARED

Harris was arrested but a Grand July exonerated him.

Less than a year later Bernie Shelton, 30, was killed by a sniper as he stood outside his gambling joint near Peoria. The killing touched off a widespread investigation but, like that of Big Carl, was never solved.

After the wounding of Big Earl last May, Little Earl vowed to take his own vengeance for the mysterious attacks which were picking off the gang one by one. Instead, he wound up as a target himself and barely escaped with his life.

Little Earl has no criminal record himself. He was too young during the roaring twenties and earlier when Big Carl led Big Earl, Bernie and scores of henchmen in a rip-roaring "war" against the rival gang of Charley Birger.

The two sides used tanks and guns against each other and 40 men were slain before the Sheltons succeeded in liquidating their enemies.

Business as Usual As Reds Sweep China

By Val Sears

VANCOUVER, Oct. 17.—(CP)—It's "business as usual" in Communist-occupied areas of the Far East, T. C. Davis, Canadian ambassador to China, said on his arrival here last night.

The former Prince Albert, Sask., resident said in an interview that the Communist advance through China is almost entirely without incident. Business areas, residential sections and industrial installations are left strictly alone by the well-disciplined, Red-Starred troops.

On his way to Ottawa for consultation with Lester B. Pearson, external affairs minister, Davis was tight-lipped about the possibilities of Canadian recognition of the Communist government.

"What I have to say on that I must report to the government," he said.

Davis arrived in San Francisco Oct. 13 aboard the American President Lines' General Gordon—the first evacuation ship cleared by both the Chinese Nationalists and Communists. Chester Ronning was left in charge of the Canadian embassy's four-man staff.

"Don't compare the Communist advance with that of the Japanese ten years ago," the ambassador said. "The only looting and undisciplined behavior resulting from the Red advance has come from the town-dwellers who take advantage of the Nationalist retreat to loot the areas."

"Trade is being carried on between the British settlement at Hong Kong and the surrounding Communist countryside in a great variety of goods."

ARMY WINS

Notre Dame Crushes Tulane 46-7

NEW YORK, Oct. 17 — (CP) — Notre Dame, Army and Oklahoma —rated the top three college football teams in the United States in last week's Associated Press poll —cemented their honors Saturday walloping "name" opponents.

Notre Dame, elevated to the first rung for the first time this season, forced Tulane to secede from its No. 4 spot, 46-7. The game had been billed as the week's best but 10 minutes after its start the 59,000 spectators knew that it wasn't. By that time halfback Larry Couture had scored three times for the Irish and the ball game was over.

Army, which had such a hard time with Harvard a year ago, expected more of the same Saturday. But fullback Gil Stephenson rammed over for four touchdowns and the Cadets won 54-14 with reserves playing the second half.

Oklahoma had a harder time than it expected but the Sooners clattered to a 46-26 verdict over Kansas in defence of their Big Seven championship.

AT GARDENS

Junior Puck Exhibition Thursday

Opening Junior hockey game of the season locally is on tap for the Gardens Thursday night.

It was announced yesterday that coach 'Cooney' LeFeuvre's Canadians will play host to Prince Albert Mintos in an exhibition tilt. The aggregation bearing the famed 'Mintos' handle play in the Northern Saskatchewan league.

LeFeuvre's holdovers from last season include defencemen Bob Dunsworth and Don Brown, as well as forwards Al Bryant, Gordon Dromrosky and Bill Kirstein. He plans to introduce quite a number of last season's Canadian juveniles.

There's talk that when junior inter-provincial playoffs roll around next spring, northern Alberta winner will meet the representative of the Northern Saskatchewan circuit in the first round.

Thursday's contest might serve to provide a line on the approximate strength of the Saskatchewan league.

Labor to Sell U.K. Unpleasant Curbs

Anti-Inflation Measures Are Being Drafted By Cabinet

LONDON, Oct. 17.—(BUP)—The Labor government worked on an emergency program of "unpleasant" measures today to meet the threat of runaway inflation resulting from devaluation of the pound.

Informed quarters said the program would include further cuts in dollar imports, especially American cotton, and some curtailment of government administrative expenses. These probably were only part of the story.

Deputy prime minister Herbert Morrison said in a speech yesterday that "unpleasant measures" are planned. But, he said, they "are far less unpleasant than the alternative of drifting into economic chaos and unemployment."

Lord Beaverbrook's Conservative Daily Express predicted the cuts might even mean a return to clothes rationing, but the Labor party's Daily Herald denied it.

The anti-inflation program is being worked out by the cabinet's economic committee and will be presented to parliament probably later this week.

The Conservative party opposition, headed by Winston Churchill, seemed certain to attack the program on grounds it is negative and probably will save only tens of millions of pounds instead of the hundreds of millions called for by the country's plight.

The government is determined not to touch either its social services or defence programs.

Uranium Mines Russ Controlled

SEOUL, Oct. 17.—(AP)—Reports have reached both Korean and American agencies that the Russians are mining uranium ore—source of the atomic energy—in Communist-dominated North Korea.

The South Korean information spokesman said the radioactive material is being produced in two locations in Whanghai province and exported to Russia. He did not disclose how this was learned.

Reds Trounced In Austria Vote

VIENNA, Oct. 17.—(Reuters)—The right-wing Catholic Peoples Party won 80 per cent of yesterday's municipal elections in upper Austria electing 357 mayors. Socialists elected 51 mayors and the extreme right-wing League of Fascists 12.

The left-wing block of Communists and extreme left-wing socialists did not gain a majority in any municipality.

IQ Test Father Dies In Idaho

LEWISTON, Idaho, Oct. 17.—(AP)—Dr. Carl E. Seashore, 83, a pioneer in the study of psychology, died last night. He was best known for the intelligence tests which he formulated for United States army use in the First and Second World Wars.

Five Feared Dead in Crash

RIVERSIDE, Calif., Oct. 17.—(AP)—A United States air force B-26 bomber crashed in rolling hills, 20 miles southwest of here last night with five men aboard.

Police said four bodies, one that of a civilian, have been found. Officers believed there were no survivors. Low clouds covered the hills, hampering the search for bodies.

The aircraft struck high tension lines and crashed 300 feet into a ravine, showering the hillside with gasoline, which drained into a pool around the wreckage, making the search for bodies dangerous. The aircraft did not burn.

ONE OR TWO SMALL WORRIES

Antique Lothario Turns From Swindles to 'Work'

CHICAGO, Oct. 17.—(UP)—Sigmund Engel, admitted swindler who says the way to a woman's money is through her heart, kissed his "one and only true love" goodbye today and headed for the office like any ordinary businessman.

Engel, who claims to have made $2,000,000 during five decades as a ladies' confidence man, said he was out to make another million—this time, by writing movies, plays, articles and stories about his career.

He rented an office on LaSalle Street, amidst brokerages and banks, as his base of operations.

The 73-year-old lover found it easier to rent the office than to find a hideaway apartment for a second honeymoon with Mrs. Pauline Langton Engel of New York.

Just in the nick of time, however, he rented a kitchenette in a south side hotel before her arrival by plane with Antoine, a silver-blue French poodle, during the week-end.

Mrs. Engel once charged that he took off with $50,000 of her jewelry following their marriage last year. But today, she said all that was past and they were ready for a life of bliss.

Engel was also somewhat happy because his lawyer, Charles Jones—who has $37,000 invested in him in the way of bonds—dropped around at 8 a.m. yesterday to make sure Engel was still in town. Jones and his father put up the money last week to get Engel out of jail.

Engel said that offers to buy his writings have been pouring in and that some of his manuscripts already are completed.

"I'm a fast worker, but—ah—use that advisedly," he said.

He admitted that the future looked quite rosy—except for a few details—including a half dozen complaints from women across the nation accusing him of loving them and then leaving with their money.

Top Aussie Red Jailed 3 Years for Sedition

SYDNEY, Australia, Oct. 17.—(CP)—One of Australia's top Communists was sentenced today to three years hard labor for having said Australian workers would welcome Soviet forces here.

Laurence Louis Sharkey, 51, general secretary of the Australian Communist party, was convicted by a jury in Central Criminal Court last June 20 of having uttered seditious words. The sentence he received today is the maximum for such an offence.

CRIME AGAINST SOCIETY

In passing sentence Judge Francis A. Dwyer said: "Sedition, it has been said, is a crime against society allied to that of treason and it frequently precedes treason by a short interval.

"The lammentable fact is that you, Sharkey, occupy a position in which you and others associated with you exercise an evil and disproportionate influence over the life of this country."

On hearing the sentence Sharkey cried out, "long live international peace!"

The crown charged that Sharkey uttered the seditious words in a newspaper interview last March 4. The crown quoted him as saying:

"If Soviet forces in pursuit of aggressors enter Australia, Australian workers would welcome the Soviet forces pursuing aggressors as the workers welcomed them throughout Europe when the Red troops liberated the people from the power of the Nazis."

At the time the statement was made Communist leaders in many other countries were saying exactly the same thing.

Trade Barrier Being Lifted

LUXEMBOURG, Oct. 17.—(Reuters)—First among European countries, Belgium and Switzerland are to broach complete freedom of trade and convertibility between their currencies, it was learned today. The pre-war position thus will be controlled only by existing customs duties, likely to be revised and eventually abolished.

"This will mean a further and very practical step forward towards real European unity," a Belgian official said.

Buchenwald Torturess Accused of Killing 29

By Robert Haeger
United Press Staff Correspondent

AICHACH, Germany, Oct. 17.—(UP)—Ilse Koch, 42, the sadistic torturer of the Buchenwald concentration camp, walked from an American military prison today, but minutes later landed in a German jail charged with 29 murders.

The dumpy alleged collector of lampshades made from the skin of tattooed Buckenwald inmates was freed from Landsberg prison at 7:20 a.m.

RE-ARRESTED

West German State Prosecutor Johan Ilkow immediately read a warrant for her arrest under German law charging her with murdering 29 persons and assaulting hundreds of others at Buchenwald. She then was hustled into a small green patrol wagon for the 40-mile ride here from Landsberg.

Originally sentenced to life, the strawberry blonde's sentence was reduced to four years by former American Military Governor Gen. Lucius D. Clay in a review of her trial.

Forty American soldiers and Polish guards armed with carbines and pistols stood guard as the widow of the Buchenwald commandant was led from prison. Possible violent action against the widow by 4,000 Jewish displaced persons in the area had been feared.

But there was no crowd and no incidents. Only a few passersby stopped to watch the proceedings.

GRABBED PISTOL

When she goes on trial for murder, probably in February next year, the German prosecutor will charge her with grabbing a pistol and participating in the murder of 29 Jewish inmates. She faces a possible prison term. A death sentence is banned under the West German constitution.

The charges also refer to prisoners pointed out by Ilse who allegedly were killed by injection and their skin "prepared."

But no specific mention is made of human skin lampshades and other grotesque curios which she is reputed to have collected in Buchenwald.

Loss in Crash Investigated

MONTREAL, Oct. 17—(CP)—Detective Garcia Leopold, head of the provincial police homicide squad, left today for St. Michel des Saints to investigate a complaint that $4,300 worth of equipment was missing from a plane that crashed there a week ago.

Three Montreal physicians, the pilot and a guide died in the crash about 115 miles north of here.

Reported missing are an expensive motion picture camera, a portable radio and other articles, property of Dr. Emile Legrand, one of those killed.

Police will try to ascertain whether the articles disappeared before or after officers reached the crash scene. They said it was possible the articles, in a trunk, had sunk in the lake where the plane crashed.

Riff War Chief Charges Spain

CAIRO, Oct. 17.—(AP)—The office of Abd El Krim charged yesterday that Spanish troops fired against 500 Moroccans en route to Tangier last Friday and killed 18. In Tangier, official sources denied knowledge of any such clash. Abd El Krim, exiled Moroccan warrior chief, led the Riff war against France and Spain between 1921 and 1926.

Israel Faces Bankruptcy

TEL AVIV, Israel, Oct. 17 (BUP) —Twelve leaders of the United Jewish Appeal arrived today for a look-see at Israel. Officials said they would be shown the "grim facts" of the young state.

"The time for making speeches and telling stories is over," said Shlomo Kisenberg, secretary-general of the Jewish agency. "All we can do is show them the grim facts. They can go back home and talk about them."

The grimmest fact in Israel today is that the state faces possible bankruptcy. The flood of immigrants is increasing instead of diminishing as had been expected, and the money to care for them is running out.

Furthermore, the country's economy is not expanding at a rate fast enough to support the immigrants. Israel officials said foreign investments on which they had counted failed to materialize.
